

Shopmen's Chiefs Accept Strike Settlement Plan; Harding Delays Action

ROADS HAVE CHANCE TO PROVE WHETHER THEY CAN CARRY ON

Their Inability to Do So Will Bring Quick Action by President, Is Belief

New Strike Hint

Head of N. Y. Central Maintenance Men Predicts They Will Soon Walk Out

(By the Associated Press.)

Chicago, Aug. 2.—Full acceptance of the peace proposals submitted by President Harding was voted tonight by leaders of the striking railway shopmen who, however, gave their own interpretation of each of the three suggestions.

"We accept reluctantly, it is true, but commit ourselves to carry out the terms of settlement in utmost good faith and in aid of the general welfare," said the message of acceptance which was sent to President Harding tonight. "If these proposals fail to bring about the results which we desire, the responsibility of failure will not rest upon representatives of the organized employees."

On the proposal to restore unimpaired seniority rights to the strikers, which was rejected by railway executives at a meeting yesterday in New York, the message declared:

"It would certainly be a wholesale injustice of unparalleled extent if hundreds of thousands of experienced men who have given four to forty years' service and whose value to the transportation industry is proportionate to the length of their service, should be placed in a position of inferiority to a limited number of men who have been employed as substitutes for these experienced railroad workers."

In reply to the President's suggestion that railroads and workmen agree to abide by decisions of the Railroad Labor board, the reply said the shopmen had always taken the position that so long as they continued to render service they should abide by the rules and working conditions and accept the wages agreed upon by proper negotiations or determined by the Labor board after a hearing of a dispute.

Railway Managements Attacked.

Violations of the law and refusal to abide by decisions of the board "have been expedited only by the railway managements," the reply said, and asserted that suspension of work under non-acceptable conditions was not in violation of the board's decisions.

On the President's proposal that law suits growing out of the strike be withdrawn and that Railroad Labor Board decisions to which exception is taken by either side may be taken to the board by either side for a re-hearing, the message said that it was the understanding of the union leaders that the Labor Board would give a prompt re-hearing and decision on questions in dispute and that there would be no question as to "who are the properly accredited spokesmen of the vast majority of railway employees."

The decision accepting the President's suggestions was reached after the policy committee of 90 men of the shop crafts organization had considered the proposals for two days. After the executive committee had decided to recommend acceptance, the policy committee followed its recommendation but demanded that it be given the right to give approval to the message of acceptance and the interpretation of the proposal sent to the President tonight.

Timothy Healy, president of the firemen and oilers' union, which is also on strike, signed the shopmen's statement of the President's proposal stating that his union would abide by the suggestion and would "follow the shopmen."

The action of the union heads was the only outstanding event of the railroad strike situation today. The New York Central announced that the action of the executives yesterday concerning seniority had resulted in many strikers applying for work while many roads posted notices to their new men that their seniority rights would be protected fully.

President Harding was said by Secretary of Commerce Hoover to be contemplating immediate action concerning the strike and there was no indication as to when or where the next peace move might arise.

Minor disorders were reported in several sections but generally the situation was quiet.

President Withholds Action.

Washington, Aug. 2.—Further government action on the railroad strike was held in abeyance today though railroad executives who refused President Harding's suggestions for settlement yesterday were understood to have apprized administration agencies that the door was still open for negotiations.

If protection in seniority status acquired by shopmen who have continued to work in spite of the strike could be guaranteed, any basis of settlement the President might find fair would be favorably considered by the managements, it was said. Tentative negotiations during the day, it

was added, had brought no immediate tangible results.

The President was said to be awaiting the text of the reply which union leaders at Chicago were drafting to his settlement proposals. Secretary Hoover, who attended the session of the road executives at New York, saw Mr. Harding on his return today but said that no immediate governmental steps were to be expected. Other cabinet members who saw the President for discussion of strike matters indicated the feeling that claims of railroad managements as to their ability to maintain transportation would get a test during the next few days. These officials left the inference that if the strike demonstrated symptoms of dissolution, as predicted by the carriers, the President might not move again. It was again emphasized, however, that the nation's necessity for at least a minimum coal supply had largely governed the President's action in the rail strike to date and would continue to do so.

STRIKE OF N. Y. CENTRAL MAINTENANCE MEN HINTED

New York, Aug. 2.—A strike of 45,000 maintenance of way men on the New York Central "within a week" was predicted here today by W. M. Parker, chairman of the system organization, as the result of the road's refusal to accept President Harding's plan for settlement of the shop crafts strike.

Conditions among workmen at the Syracuse shops were reported "very grave" by Mr. Parker, who asserted he had dispatched several union officials there today "to try to quell the unrest and the desire to call an immediate walk-out, which became manifest when the action of the Association of Railway Executives became known."

"I doubt whether we can prevent our men along the whole New York Central system from joining the strikers," he declared. "Indications are that all of our 45,000 men will be on strike within a week."

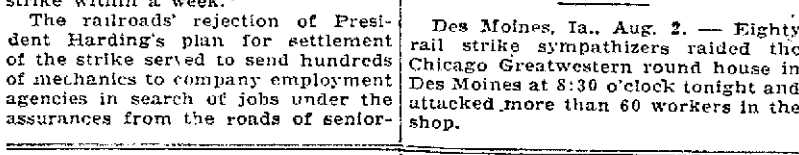

The railroads' rejection of President Harding's plan for settlement of the strike served to send hundreds of mechanics to company employment agencies in search of jobs under the assurances from the roads of seniority rights and protection to those who helped keep trains running, officials of several eastern lines claimed tonight.

CHOSE BURIAL SPOT

Although in Failing Health for Months, His Death Came Unexpectedly

Sydney, N. S. W., Aug. 2.—At sunset Friday, on the crest of Balm Breagh mountain, the body of Dr. Alexander Graham Bell, who died this morning at his summer home, will be buried. In a spot chosen by the inventor of the telephone himself.

The grave of the "venerable scientist, the immensity of whose life work was

Alexander Graham Bell.

WHISKEY, SOUP AND WORK MAKE A HERO

At Least That Is Recipe Given by Rescuer of Passengers Caught on Rapids Prince

Montreal, Aug. 2. — Picturesque Hilaire Guerin, mayor of LaPrairie, whose praises are sung along the St. Lawrence for his daring leadership in the rescue of 470 passengers of the Rapids Prince, which went on the rocks in the lower Lachine rapids, today gave the following matter-of-fact recipe for the making of a hero:

"Whiskey blanc, pea soup and lots of real hard work."

It was to these three things, he declared—particularly the third—that the men, women and children on the stranded steamer owed their safe taking off.

"It was a great risk," said Monsieur Hilaire, "as the mayor is affectionately known. 'The boys were brave. They risked their lives.'"

The "boys" to whom he modestly viewed the credit for the feat were Joseph, Joseph Bouvain and Donald Bouvain—all, like Monsieur Hilaire, steeped with the lore of a lifetime on the rapids.

IMPULSE TO JUMP TOO STRONG FOR NEW YORKER

New York, Aug. 2. — The strong impulse to jump that he felt every time he found himself in a dangerous place in a plunge from a second story window of his home, he said, he had fallen from this window but in view of his repeatedly expressed impulse to jump from high places, the Innans believed he had jumped.

Kinberg had been a captain in the army aviation service during the war and had flown frequently without any indication that great altitudes had a fatal fascination for him. The desire to jump described by psychologists as precipititis, had affected him only recently, his friends said.

FARM WORK MADE GOOD PROGRESS LAST WEEK

Washington, Aug. 2.—Farm work generally made good progress during the week ending August 1, except where delayed by heavy rainfall, as chiefly in North Central states, according to the weekly weather and crop review issue today by the department of agriculture.

Favorable for the corn crop in Middle Atlantic states and in North-eastern districts but growth was backward in the upper lake region because of the cool nights.

Fair weather furthered harvesting of oats and barley in the northeastern states.

HENRY FORD FINED \$30 FOR SPEEDING THROUGH LE ROY

LeRoy, Aug. 2.—Henry Ford, the Detroit automobile manufacturer, paid a fine of \$30 into the village treasury yesterday afternoon as a penalty for violating the speed ordinance when passing through LeRoy in his large touring car. When overtaken by an officer he was found to be making 43 miles an hour, while the speed limit is 15 miles.

Mr. Ford remained in his car while his driver and secretary went before the justice and paid the fine.

TELEPHONE'S INVENTOR DEAD

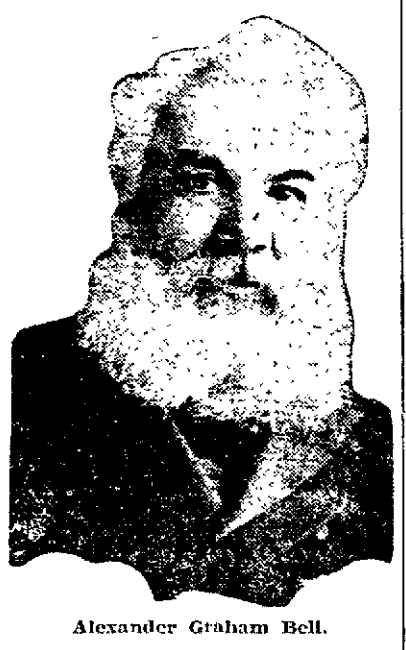

Dr. Alexander Graham Bell Will Be Laid to Rest at Sunset Tomorrow

CHOSE BURIAL SPOT

Although in Failing Health for Months, His Death Came Unexpectedly

Sydney, N. S. W., Aug. 2.—At sunset Friday, on the crest of Balm Breagh mountain, the body of Dr. Alexander Graham Bell, who died this morning at his summer home, will be buried. In a spot chosen by the inventor of the telephone himself.

The grave of the "venerable scientist, the immensity of whose life work was

Alexander Graham Bell.

attested by scores of telegrams which came today to the Bell estate from the world's prominent figures, is at a point overlooking the town of Baddeck, Cape Breton. The sweeping vista from the mountain top, so admired by Mr. Bell, stretches far over the Bras de la Puce. Sunset, chosen as the moment when the body will become forever a part of the sturdy hills, glides the waters of the lakes until they are really what their name means—"the lakes of the arm of gold."

FLEET CORPORATION IS REORGANIZED

Small Becomes President and Love Vice President and General Manager

Washington, Aug. 2.—Chairman Lasker of the shipping board announced today the resignation of Vice Presidents Farley and Kimball from the emergency fleet corporation and the reorganization of the corporation with Vice President Small as president and Vice President Love as vice president and general manager.

The resignations of Vice Presidents Farley and Kimball, which carried also their resignation from the office of trustees of the fleet corporation, were said to have been filed for personal reasons, both men having expressed a desire to return to private business.

Reports have been current that changes in the official personnel of the corporation were in prospect since the enactment of legislation limiting the high-salaried positions of the organization to six at \$25,000 a year. Prior to this action, four officials of the corporation each drew \$35,000 annually.

The two vice presidents were not filled, Mr. Lasker said today, but the two trusteeships will be taken respectively by Sidney Henry, Mr. Farley's assistant in charge of sales, and Colonel J. W. McIntosh, who was Mr. Kimball's assistant in charge of finance.

NURSE GIVEN SENTENCE

New York, Aug. 2.—Miss E. C. Kelly, nurse, who was convicted recently of the theft of a diamond ring from the home of David R. Lamont, banker, where she had been employed, was given an indeterminate sentence today by Judge Koenig of General Sessions. Her lawyer obtained a week's stay of execution so that she might file an appeal.

Miss Kelly declared at her trial that the charge against her was designed to discredit her because she "knew too much" about the death of Peter Cooper Hewitt, inventor, whom she nursed during his last illness in Paris. She had been arrested in Paris on a charge of stealing jewelry from the Hewitt home but the charge was dismissed and she sued the widow for false arrest. Her suit was dismissed after she sailed for America.

COUNTERFEITING PLANT AND FIVE MEN CAPTURED

New York, Aug. 2.—The climax of a month's investigation by federal authorities of spurious \$5, \$10 and \$20 bills which have been in circulation in Greater New York, was reached today in the arrest of five men on a charge of counterfeiting federal and state bank notes and the confiscation of a counterfeiting plant in Brooklyn.

The search for the source of the counterfeit bills was under the personal direction of William H. Moran, chief of the United States secret service. Clues led the secret service men to a little bakery shop in Brooklyn, where it is alleged a complete counterfeiting plant was found.

Harbor Tug Blown to Bits; Five Men of Crew Killed

New York, Aug. 2.—The harbor tug Edward was blown to pieces today and the five men of her crew killed when her boiler exploded while the craft lay in her slip on the Brooklyn side of the East river three blocks upstream from the Manhattan bridge.

Four men working near-by were injured by flying debris and wood. Others were actively hurt and many were splattered with mud and water. The captain of a barge only a few feet away from the Edward was knocked down but none of the wreckage fell upon him.

Several spectators told of having seen a body fly through the air. The mangled remains of the skipper, Captain Charles McCaffrey, were found a block from where his tug blew up. One other body was recovered. The remaining three still were missing tonight. A diver who found a hull broken in many parts said he saw no bodies under the surface.

Part of the boiler fell upon a pier 200 feet away. The cause of the blast had not been determined tonight.

U. S. SENATOR W. E. CROW OF PENNSYLVANIA DEAD

Uniontown, Pa., Aug. 2.—United States Senator William E. Crow, who died at his country home near here today, will be buried on Saturday afternoon. Funeral services will be held at the home and interment will be in Oak Grove cemetery here.

GOVERNMENT PLANS FOR DISTRIBUTION OF COAL ANNOUNCED

Federal Organization Will Allocate Fuel to Railways and States, With Governors Handling Supplies

Washington, Aug. 2.—An unanimous consent agreement tomorrow in the senate for a final vote on the administration (tariff) bill on either August 10 or 12, is expected for the policy by both Republican and Democratic leaders after a series of proposals, counter proposals and conferences on the subject.

Objection by a single senator would upset the carefully-laid plans, but leaders on both sides said they knew of no senator who was unwilling that there should be a speedy ending to a controversy that has engaged the senate practically continuously since April 20.

The first move for an agreement for a final vote came from the Democratic side, Senator Simmons of North Carolina, after a conference with other minority leaders, proposing August 19 as the date. Action on this proposition was deferred at the request of the Republican and after the senate adjourned majority and minority leaders went into conference.

SENATOR REED NOW LEADING OPPONENT

But Long Still Has Chance of Winning Close Missouri Senatorial Contest

St. Louis, Aug. 2.—Senator James A. Reed is leading Breckinridge Long for the Democratic nomination for United States senator by 7,744 votes on the face of returns from all but 208 of the 2,849 precincts in Missouri. Returns from 2,349 precincts at 10 o'clock tonight gave Reed 182,238; Long, 174,494.

The senator's lead, which reached more than 25,000 this morning, was steadily whittled away as belated returns from the rural districts, where the Long strength lay, came in. Throughout the day Mr. Long maintained a consistent lead with an average lead of approximately 25 votes per precinct in the country districts.

If this ratio is maintained in the 208 precincts yet to be heard from, Mr. Long has a chance of winning, probably by less than 2,000 votes.

In the Republican senatorial race, R. R. Brewster of Kansas City, endorsed by the regular organization, probably will win by 20,000 to 20,000 votes.

GERMAN PROPERTY IN FRANCE TO BE HELD

Refusal to Pay Debts Contracted With French Prior to War Brings Action

Paris, Aug. 2.—All German property in France which was sequestered by the government during the war will be permanently taken over and the proceeds from its sale kept by the treasury as a penalty for Germany's refusal to continue the present scale of payments for private debts contracted with Frenchmen prior to the war, according to reliable reports in circulation tonight.

K. OF C. ADMINISTRATION WINS

Atlantic City, Aug. 2.—The administration forces of the Knights of Columbus were victorious in the elections at the 49th annual convention of the order today. The contests were keen and close. Boston men demanding that the order repudiate the attack made by Supreme Knight Flaherty on the supreme court of Massachusetts in connection with the Pelletier case were allied with the insurgents.

STRIKER KILLED BY POLICEMAN

Two Others Reported Wounded When Buffalo Officer Fires Into Crowd

TROLLEY ATTACKED

Motorman Dodges Liquid Thrown at His Face; Rioters Flee After Shooting

Buffalo, Aug. 2. — John Chroniak, a striking car conductor, was killed tonight when Patrolman Edwin Sisson, guarding a Sycamore street car, fired into a crowd which had attacked the car.

There were about 20 people in the crowd that attacked the car, according to Sisson. Rocks and stones were thrown through the front vestibule and one man climbed up the front fender of the car and threw the contents of a bottle at the motorman, James McCaffrey, of Philadelphia. He dodged and the liquid missed his face. Some of it landed on his coat and burned holes through it.

With the car halted the crowd became more threatening and Sisson drew his revolver and fired four shots through the vestibule window. The crowd melted and the car continued on its way. It was not until it had completed its run that the policeman became aware that he had hit a man.

Chroniak's brother identified the body. Two bullets had struck him; one of them pierced the heart and the other lodged in the head. Death was instantaneous.

It was declared that two other men had been hit by the policeman's bullets. Casimir Kiszewski was found lying in a near-by street half an hour after the shooting, with a bullet wound just under his heart. He was taken to a hospital, where it was said that his condition is critical. He is not a striker.

Reports to the police said that a third man shot had been assisted to his home, slightly injured. His identity was not learned.

A Fillmore avenue car was derailed late tonight by explosion of a bomb which had been placed on the track. No one was injured and the car was not damaged.

Jitney Bus Permit Asked

Albany, Aug. 2.—Corporation Counsel Robertson of Buffalo and William J. Flynn, representing the jitney operators' association, today filed with the public service commission petitions asking for a certificate for the operation of jitney buses which have been serving the city under emergency permits from the municipal authorities since the trolley strike began.

Corporation Counsel Robertson filed petitions for permission for the city to operate buses, while Mr. Flynn filed petitions on behalf of the association he represents.

There also was filed with the petitions a record of the Buffalo common council's endorsement of the applications for jitney bus certificates.

CONTROL OF STUTZ GOES TO GUARANTY

Trust Company Purchases 133,714 of 200,000 Shares Formerly Ryan's

New York, Aug. 2.—Control of the Stutz Motor Car company of America was acquired today by the Guaranty Trust company, which purchased 133,714 of the outstanding 200,000 shares at a public auction of the collateral of Allan A. Ryan, formerly one of the New York stock market's foremost operators, who recently failed, for \$18,000,000. The stock sold for \$20 a share. Another block of 1,600 shares of Stutz stock was bought by the Guaranty Trust company at the same price.

Only approximately \$3,615,000 was realized from the sales of Ryan's securities, which had been pledged as collateral against bank loans of \$14,000,000, the bulk of which were with the Guaranty Trust company.

WILSON'S FACE NO LONGER DRAWING CARD ON STAGE

New York, Aug. 2.—Corless Cunningham, who used to impersonate Woodrow Wilson on the vaudeville stage, was driven to insanity and then to lunacy by his ill-fated double's return from world affairs, his counsel told Judge Mancuso today when he was arraigned in General Sessions court.

Vaudeville producers, holding that a Wilson face no longer was a good drawing card, denied Cunningham employment and the lawyers said that in desperation he smashed a jewelry store window in an effort to obtain funds for food.

BUSINESS FAILURES FOR JULY TOOK SMALL DROP

New York, Aug. 2.—Business failures for July totaled 1,563, a drop of 5.3 per cent. from the June figures and 42 per cent. from those for the peak month of January, 1922, Bradstreet's reported today.

Although the number of failures was 5.1 per cent. above that for July, 1921, the total amount of liabilities, \$42,146,548, was 40 per cent. below the total for July last year.

When England's Richest Girl Married

Lord Louis Mountbatten and his bride leaving St. Margaret's Church, London under an arch of swords armed by brother officers of the viscount. The bride, who was Edwina Ashley, is reported to be the richest girl in England, worth \$100,000,000.

MARMOT VOICES MAY BE SENT BY RADIO

Broadcasting Station in Glacier National Park Would Furnish Much Entertainment

Washington, Aug. 1.—The next number on tonight's program will be a marmot imitation entitled "The Whistling Chorus" by the Rocky Mountain Marmot Singing society of 25 million voices.

Such may be the announcement to stanch the ears of any numbers of marmot radio fans in the near future, if a proposal before the National Park service of the Interior department is carried through. It will be possibly the most novel treat at the numerous radio amateur's sale, where apparatus would be sold in with a broadcasting station in Glacier National park, in the heart of the Rockies, which would catch and transmit the shrill whistling of the marmots.

the northern part of Montana near the Canadian border, resides the largest colony of the animals on the North American continent. It is estimated there are close to a million of them, living in dense population. On still nights the wonderful shrilling chorus of the piccolo-like voices is carried miles on the rare mountain air, and tourists in the camps enjoy the evening programs immensely.

It has been proposed that a receiving set and broadcasting station of 300 watt capacity, sending at a 360 metre wave length, be installed close enough to catch the voices clearly. Such power would be capable of sending throughout a radius of 1,500 miles, and could be picked up, almost from coast to coast.

The perfection of the radio, now suggests the idea of broadcasting this volume of weird, whistling music, which has a ton all its own, to radio receivers as far as the waves will carry.

When the full chorus is on its sounds as if a whole city of people were playing piccolos in concert. The radio fan who is lucky enough to listen in will not have a bit of trouble in recognizing the marmot voices even though no preliminary announcement is made from the station.

RED CROSS ROLL CALL

Annual Campaign Will Be Held This Year From Armistice Day to Thanksgiving

Washington, Aug. 2.—The annual roll call for registration of Red Cross membership will be held this year from Armistice day, November 11, to Thanksgiving day, John Barton Payne, chairman of the American Red Cross, has announced. Between these dates approximately 3,300 chapters, at home and abroad, will carry on a systematic canvass for support of the peace time work of the nation's officially designated volunteer relief society during the ensuing year.

As a result of last year's roll call, the American Red Cross has now a membership of 4,500,000 adults. Judge Payne announced, and about 6,000,000 school children enrolled in the Junior Red Cross. With the prospect of better commercial and industrial conditions, Red Cross officials look for a substantial increase in membership from the next call. The yearly membership will remain at \$1, it was announced.

An innovation this year will be the uniform card-indexing of the millions of members. The stub of each card, of a size handy for card case or pocketbook, will be given each person enrolling as a certificate of membership.

SAYS RUSSIA WILL NEED MORE FOOD

Returned Relief Worker Saw Dead Lying on City Street as Late as June

Philadelphia, Aug. 1.—The people in the famine area of Russia will need food from the outside for another year, in the opinion of Murray S. Kenworthy of Wilmington, Ohio, who has just returned from Buzuluk where he had charge of the relief work of the American Friends. Deaths from starvation are still occurring. As late as the first of June, Mr. Kenworthy saw people lying dead on the streets of Samara, the chief city of Samara province. There are large districts in the famine area which have not received one ounce of food from any relief organization.

Present crop estimates indicate that 50 per cent of the people in the famine area will not have sufficient food to carry them through next winter. The acreage planted was small, due to lack of animals; weakness of the peasants; and lack of seed. Much of the grain shipped from the United States did not germinate well.

There are thousands of orphaned children in the homes throughout the famine area who will have to be provided with nourishing food as well as clothing and bedding.

All the people are in rags. Clothing and material of all kinds is needed. The people can spin and weave but they have no flax or wool to work with.

Mr. Kenworthy reports that the Russian government cooperated with the relief workers in every possible way. It supplied free transportation, free cable and telegraph service, free homes and Russian assistants.

While lack of food is causing the most suffering, the people are also suffering from disease, typhus in the winter and cholera during the summer months.

Medical supplies are needed in unlimited quantities. A vast amount of medical and sanitary work should be done in the peasant villages. Russia will continue to be a source of danger to the rest of Europe and to America until radical sanitary changes are made, Mr. Kenworthy declares.

THE FIVE-CENT CIGAR IS BACK

Nickel Smoke Product, Which Disappeared in War Days, Now in Great Profusion

(By the Associated Press.)

Chicago, July 21.—Roused from its morbid lethargy by the demand of the palates of thousands of smokers, the five-cent cigar is back with its multi-colored banners streaming.

In shop windows and on cigar counters everywhere the nickel smoke product, which disappeared back in war days, is being displayed in a profusion of shapes and varieties, while gigantic bill board advertisements are sending forth their message of this return to normalcy in the tobacco world.

"What the country needs most is a good five-cent cigar," is a remark attributed to Mark Twain. And those smokers who saw the one time five-cent brands mount to six, seven, eight and sometimes ten cents, during the period of soaring prices, now have plenty to select from.

Tobacco merchants, cigar wholesalers and tobacconists all admit that the five-cent cigar is the fastest moving article in the trade but they disagree as to its merits. Retail dealers are inclined to the belief it is as good as any of the old brands which climbed during the war. Tobacco merchants say it can't be as good as the old brand because the cost of materials and labor is still above the old level and manufacturers say it isn't as good as the nickel favorite of pre-war days.

"We can't get enough five-cent cigars," said a salesman in a loop tobacco shop. "We have pretty good cigars at that price now, however, and my customers buy so many I keep the boxes on the counter. If I put them in the case I would be hauling them out and returning them. The two for a quarter is done for, in my opinion. The public wants five-centers for every day and ten-centers for Sunday."

THINK GIRL IS TRUE STIGMATIC

Reported to Have Sign of the Cross on Her Right Side

CASE CREATES WIDE INTEREST

Some Scientists Hold That Such Marks Are the Result of Natural Causes—First Record of Such a Case Found Its Way Into Church History in Thirteenth Century—French Book Catalogues 321 Cases of Stigmata

The case of Mary Reilly, a postulant at St. Germain's Villa, the Peckskill (N. Y.) convent of the Sisters of the Good Shepherd, who is under constant observation to establish whether she is a true stigmatic, has created widespread interest. The seal of silence imposed by Archbishop Hayes upon all who have knowledge of the situation remains unbroken.

A stigmatic is a person who bears on hands, feet, side or brow the marks of the Passion and undergoes corresponding and intense suffering. Some have sufferings without the markings, and these are called invisible stigmata. In the case of Mary Reilly it is said she has a stigma which is only one mark of the Passion. In her case it is reported that the mark is the sign of a cross on her right side and that she suffers considerably.

First Case Recorded.

Her case has created interest in the stigmata, as a feature of ecclesiastical history. It has been a subject of keen discussion among clerics and publicists, Catholic, non-Catholic and heretical, since the first record of such a development found its way into church history. This was in the Thirteenth century, when the most notable case was recorded. This was St. Francis of Assisi. In him it took the form of the nail wounds on the hands and feet, the wounds having excrescences of flesh, representing the nails of the Crucifixion. On one side these excrescences were black and like nail heads. On the other side they appeared to be points which had been bent back to grasp the flesh.

Mary de Moeri, at the age of twenty (1922), was another instance and, though delicate in health, lived in that condition 35 years. Thursdays and Fridays her stigmata shed very clear blood, becoming dry on other days. Thousands saw this woman, including Wiseman and Lord Shrewsbury, who wrote about her. Louise Lateau of Belgium, at eighteen, became stigmatic, which did not prevent her from supporting her people by sewing. She was born in 1850. Another was St. Catherine of Siena.

Stigmata Evoked.

Even free-thinking publicists who have investigated reported cases admit that the stigmata, existed as a fact, notably Doctor Dumas, a professor of religious philosophy at the Sorbonne, in an article on the subject in the Revue des Deux Mondes of May 1, 1870.

Free-thinking and Catholic scientists alike have questioned the miraculous nature of these wounds, and in the processes of canonization the church has never accepted them as uncontestedly miraculous. It is because of the extreme care that the church takes in the investigation of these matters that silence is generally imposed upon those having knowledge of them until the investigation has been completed.

Dr. Imbert, in "La Stigmatisation," published in Paris in 1894, sought to catalogue the known cases of stigmata in church history, and accounted for a total of 321 in which he felt there was every reason to believe in divine action.

Many of the free-thinking scientists have declared that the stigmata induced the condition in themselves by vivid imaginings and emotional excitement, but the church logicians have retorted that imagination can never create a visible, bleeding wound.

The medical profession naturally insists that such manifestations can be traced to physiological causes.

40,000 MARKS FOR FISH

German Fishermen Take New Interest at Landing of Hugs Sturgeon

The fishermen of Altenwerder, Germany, have taken a more lively interest in their occupation since a veteran colleague recently landed a roe sturgeon weighing 143 pounds on which he realized approximately 40,000 marks. The fish was found to contain 33 pounds of caviar which sold at 1,005 marks a pound, while its remaining meat went for 48 marks a pound.

Possibilities of the Reindeer.

Many people consider it not at all improbable that some day reindeer raising in Alaska may vie with cattle raising in this country. Of course, it would be a number of years before this could be brought about, but the beginning has been made, and it is easy to see that the possibilities are boundless.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as this "double strength" is guaranteed to remove them. Simply get an ounce of Othello—double strength from any druggist and apply a little at night and morning and you should soon see that even the worst freckles have been removed. The matter is settled entirely. It is seldom that more than an ounce is needed to completely remove the stain and cause a beautiful clear complexion. Be sure to ask for double strength Othello as this is the only guarantee of safety back if it fails to remove freckles. Adv.

DRIVES IN NEW AFTERNOON

John H. Todd Expects Two Good Models at Early Hour.

Mr. and Mrs. John H. Todd arrived home late Tuesday afternoon, having driven in from Boston, Mass., a new Apperson eight cylinder seven passenger touring car which was delivered to him in Boston late Monday afternoon. The trip was made to Springfield that afternoon and evening and from the latter city to Oneonta on Tuesday. At no time did the speed of the new car exceed 25 m.p.h., though it is guaranteed to make 75 miles.

Mr. Todd was exhibiting it about the streets yesterday and it was much admired. It is very beautiful and with its long wheel base can be turned about in the smallest space of any large car. Mr. Todd states that he never switched gears on the trip over the Mohawk trail to Oneonta except at the crossing at East Waterbury, which was done for safety and not because the car had any difficulty in making the grade.

Mr. Todd has two enclosed cars ordered and a promise of early delivery, though they are in demand and it is with difficulty that orders are being filled.

New beauty parlor—Hairdressing, facial massage, manicuring. Mrs. Edward Mills, over C. C. Miller's store. Phone 877-W for appointment. Adv. 41

New cooking apples for sale at 49 Spruce street. Phone 1009-W. W. C. Spangenberg. Adv. 31

Studebaker Announcement

Studebaker announces lower prices on all models effective at once

No blare of trumpets attends this announcement, no waiting to see what the other fellow is going to do, but in the characteristic Studebaker manner the announcement comes in the regular course of business. With the Studebaker factories 20,000 cars behind orders and working over-time to catch up, there is really no need for lowering prices at all, simply that lower costs of manufacturing with increased production have enabled the Studebaker Corporation to give their buyers a Lower Price on their product.

Orders will be filled in rotation as received. Therefore, to avoid delay in delivery, we suggest placing your order at once.

Let's disarm the thermometer

MEATS and starches for the body are like fuel for the furnace.

Why not adopt for breakfast or lunch, Grape-Nuts with cream or milk and a little fresh fruit—and turn off the internal heat? Here's complete nourishment, with cool comfort.

Grape-Nuts contains all the nourishment of whole wheat flour and malted barley, including the vital mineral elements and bran "roughage," and it is partially pre-digested in the long baking process by which it is made.

There's a wonderful charm for the appetite in the crisp, sweet goodness of this ready-to-eat food, and fitness and lightness afterward, which meet summer's heat with a smile.

Your grocer will supply you with Grape-Nuts!

"There's a Reason" for Grape-Nuts

NATIONAL LEAGUE

BATTLE 15 INNINGS TO TIE

Umpires Call Chicago-Philadelphia Game Because of Wet Grounds After Extended Contest.

Philadelphia, Aug. 2.—Chicago and Philadelphia battled 15 innings to a 7-7 tie today, the umpires calling the game because of wet grounds.

Both teams had frequent opportunities to score after the rain, but the "Reds" and "Phillies" were unable to do so.

Chicago tied the score in the ninth on two hits by Rupp and an infield error. Then made his first home run in a Philadelphia uniform in the first with two men on base.

Chicago 200 100 200 000—7 10 1
Phila. 200 110 020 000—7 14 4
Batteries—Jones, Osborne and O'Tarrell; White, Ring, Weirich and Menline.

Cincinnati at Boston, wet grounds. Other teams not scheduled.

AMERICAN LEAGUE

BROWNS FINALLY DEFEATED

Philadelphia Breaks St. Louis' Winning Streak of Four Straight; Williams Hits 28th Home Run.

St. Louis, Aug. 2.—Philadelphia today broke St. Louis' winning streak of four straight games, by defeating the Browns, 8 to 4. The defeat cut the locals' lead from two games to one, as the second-place Yankees were victorious over Cleveland.

Williams hit his 28th home run and Hauser, McGowan and Miller also knocked out homers.

Philadelphia 211 002 011—8 12 0
St. Louis 212 000 000—4 10 1
Batteries—Rommel, Harris and Perkins; Shocker, Pruett and Collins.

Boston at Detroit, wet grounds.

CARDINALS WIN EXHIBITION

Reading, Pa., Aug. 2.—The St. Louis Cardinals today defeated by 9 to 7, the Reading International club in an exhibition which was called in the sixth on account of rain. Hornsby cleaned the sacks in the second with a home run.

St. Louis 070 020—9 10 1
Reading 004 210—7 8 2
Batteries—Stewart and McCurdy; Brown, Thomas and Clark.

NEW YORK STOPS CLEVELAND

Bush Holds Indians to Two Hits; Bob Muesel Hits Home Run.

Cleveland, Aug. 2.—New York stopped Cleveland's winning streak today,

defeating the Indians, 5 to 1. Bush held the locals to two hits in the first inning. Jamieson singled to right but was out trying to stretch it and in the ninth Wamby, first man up, tripled, scoring the Indians' only run on Speaker's sacrifice fly. Muesel drove a home run into the leftfield bleachers in the sixth, scoring Schang ahead of him.

New York 100 013 000—5 10 0
Cleveland 000 000 001—1 2 1
Batteries—Bush and Schang; Mails, Coveleskie and O'Neil.

CHICAGO HELED TO FOUR HITS

Walter Johnson, Aided by Perfect Support, Trims Chicago, 4 to 1.

Chicago, Aug. 2.—Walter Johnson led Chicago down with four hits today and with the aid of perfect support, easily by Beckenbaugh, Washington defeated the locals, 4 to 1. Leverage, wildness, coupled with opportunistic hitting, enabled the visitors to score their runs.

Washington 001 111 000—4 11 0
Chicago 000 000 010—1 4 1
Batteries—W. Johnson and Pichlich; Hodge, Leverette and Schalk.

STAMFORD NOSED OUT

McDonnell Weakens in One Inning and Schenectady K. of C. Team Pounds Him Hard, Winning Game by Score of 6 to 5.

Stamford, Aug. 2.—McDonnell, who had pitched a beautiful game up to that point, weakened in the seventh inning today after his throwing hand had been injured when he tried to stop a fast grounder and the Schenectady Kaysees pounded out five hits for four runs, winning the close contest, 6 to 5. The Stamford garden defenders held beautifully but the work of the infield was a trifle sloppy. Simoninger's homer with a man on first was one of the features of the game.

The tabulated score:

Unadilla Signs Catcher.
Catcher George Lawlor, formerly with the Western league and more recently with Cortland, has been signed by Manager Moore of Unadilla. Lawlor plays in the outfield as well as catcher behind the bat. He will be a valuable acquisition to the Athletics.

Final job printing at Herald office.

Trapped!

Pop Young, Giant outfielder, trapped between third and home in a game with St. Louis, with no chance to escape Catcher Clemens or Third Baseman Stock.

ANOTHER WIN FROM NORWICH

Game Closely Contested All the Way—Giants Get Three in Ninth, Winning 8 to 4—Smythe Stages Wonderful Catch—E. J. Legions Here This Afternoon.

The Oneonta Giants have broken their losing streak for certain. Yesterday they played the Norwich team at the latter's diamond and won by an 8 to 4 score, getting three of their runs in the twilight enshrouded ninth, two double base hits taking place in the manufacture of the trio of runs.

The game was evenly played all the way through, with the visitors always just behind or even, never ahead, until the seventh. But there is a saying somewhat to the effect that he who laughs last, laughs best. We'll say so!

Thomas was in the rifle pit for the Giants and he had good control of the ball, passing two and keeping the nine or less effective manner. Opposing him was McGary, formerly of the House of David team and he did creditable work, for the most part; however, he was quite liberal with passes.

The one play of the afternoon which pleased the home fans and which drew considerable applause from the visiting fans, was the catch of Smith, the ball was traveling well toward the left field foul line and Hatch was close to second when the ball neared the ground. But it was not destined to reach it just yet, for Smith was seen sticking his head up over one of the hills out there in left. He climbed a couple of these embryonic mountains, dodged a boulder or two and clutched out for the ball, held it to while he took a hard tumble into the arms of Mother Earth and retained possession of the sphere when he again got to his feet. Truly a wonderful feat.

That certainly is a trick diamond at Norwich. A man who was in the sun in such poor shape that the Norwich Sun of some week or so ago said that heroes, and not ball players, were needed to brave the dangers of physical injury there.

The initial run was secured in the opening round after two had been retired. Smythe, the hero of the day, entered the hall of fame by his wonderful catch, hit a homer to right field and then the Giants came right back and wiped out the difference in the score. Farrell, with one down, was passed, took second on Bridwell's ground out and scored on Barnes' double to center.

This apparently was not to the liking of the home gang, for they put another over in the second. Walsh, Clarke and Foley each singled, Walsh coming in on the last of these. McCarthy put down a neat sacrifice, moving the two runners up a peg. Fox hit like a mule on a four fly and Daley fanned for the second time of the game.

Just to get a good lead while there was the opportunity, Norwich slid over a couple more in the third, giving them a lead of three runs at this part of the contest.

Farrell made a high peg over Alexander's head, the ground rules holding the runner at second. Smythe grounded, but Fox was held at second. Dench got a double base hit to right field, scoring Fox. Then came a slight passed ball, but Barnes recovered it in plenty of time to take care of the throw. High, Hermann barely touching the ball as it went past, the runner, however, being kept at third, but a ground out put him across the rubber.

But the visitors were soon to wipe out this difference in the fourth they came within one of eliminating the lead all together. Hermann and Alexander were passed and worked a double steal. Irelle endeavored to bust, with the result that he was out on a foul. Sinstack was fanned, making two down, so McGary gave Barnes four decidedly wide ones, taking no chances of the catcher repeating his double, the idea being to get rid of the dangerous hitter and playing for the pitcher, who was next up. But is proved to be a disastrous move, for Thomas came across with a neat single into right field, scoring a brace of scores. Thomas was forced at second.

When Oneonta's half of the fifth was over, the entire difference in the score had been eliminated and the score stood at four all. Hatch singled, took second on Alexander's like hit and scored on another single by Farrell.

Thomas was then going in fine shape, hitting on all six cylinders, and later events proved that Norwich was all caught up on the run harvest for the post meridian. But the Giants weren't. The tie was broken in the seventh, giving the Klips a thin screwy lead, but still a lead. Purcell staged a bunt between third and the pitcher, who was next up. But is proved to be a disastrous move, for Thomas came across with a neat single into right field, scoring a brace of scores. Thomas was forced at second.

When Oneonta's half of the fifth was over, the entire difference in the score had been eliminated and the score stood at four all. Hatch singled, took second on Alexander's like hit and scored on another single by Farrell.

Norwich 112 000 000—4

Earned runs—Norwich 2, Oneonta 6.

Two base hits—Barnes, Clarke, Alexander, Farrell, Dench. Home run—Smythe. First base on balls—Off McGary 6; off Thomas 2. Struck out—By McGary 4, by Thomas 6. Left on bases—Norwich 8, Oneonta 8.

Double play—Sinstack to Farrell to Alexander. First base on error—Norwich 2, Oneonta 3. Stolen bases—Hermann, Alexander, Purcell. Sacrifice hits—McCarthy, Alexander. Time of game—2:10. Umpires—Hines and Ryan.

Notes.

The last couple of innings were played in twilight.

McCarthy, formerly of the Giants, has landed a permanent berth with the Norwich team.

He caught McGary to perfection all the way through and showed up well to the small sized crowd of Norwichites present.

Bridwell's ankle troubled him and he used Sinstack as a relief after the first inning in the field.

That victory gives the Giants a big jump on Clarke's outfit, the series standing Oneonta 3, Norwich 0.

That certainly is a trick diamond at Norwich. A man who was in the sun in such poor shape that the Norwich Sun of some week or so ago said that heroes, and not ball players, were needed to brave the dangers of physical injury there.

And stones all over. When a ball hits terra firma there is no telling which way it will leap.

South Side Defeats Sherman Lake.

Wheelock's South Side ball tossers obtained ample revenge for their recent defeat at the hands of the Sherman Lake team when they turned the tables yesterday afternoon on the South Side diamond, the final score being 7 to 4 in favor of the locals. The game was hard fought and interesting to watch, especially during the early innings. In the fifth, the South Siders got after the ball and slammed it hard, netting 4 runs. Pitchers Hodge and Borden were in good form and the former struck out five men and Borden 14. The score:

South Side 00214000—7
Sherman Lake 00214000—4
Batteries—Hodge and Pondolfini; Borden and Conrow. Umpires—Sullivan and Tammert.

SEEN IN SCHENEVUS

Annual School Meeting Held—Chautauque Entertainments Please.

Schenevus, Aug. 2.—At the annual school meeting of district No. 4 town of Maryland, held Tuesday evening at the High school, the following were elected members of the board of education: Mrs. T. B. Lippincott, Grover T. Chase and Dwight Hepler. A resolution was adopted that there be levied and assessed against the taxable property of the school district the sum of \$3,600 for the purpose of paying all necessary school expenses for the coming year. John H. Wild was elected chairman and E. F. Theyson secretary of the meeting.

1923 Chautauque Assured.

The Chautauque entertainments and lectures gave universal pleasure and satisfaction and the citizens of Schenevus have responded gladly for another season. The required number of guarantors have signed and indications are favorable for something even better than this year which everyone concedes far exceeds the programs of a year ago. It is gratifying to know that backers are ready and willing to promote a high class endeavor such as is possible through the Chautauque.

Personal Notes.

Mrs. Mary E. Winters and daughter, Miss Jane Winters, of Tarrytown, are spending a few weeks with Mr. and Mrs. John Griffin. —Mr. and Mrs. Austin E. Griffin of Albany were in town over the week-end. —Miss Clara

Wilsey.—Our community has been well represented at the Chautauque at Schenevus the past few days.—Frank Ludlum, the carpenter, is working in Colliers.—Mr. and Mrs. A. Anderson and son of Belvidere and Mrs. L. G. Anderson of Rockford, Ill., are guests at the home of George Gustafson.—Mrs. William Craig, who had the misfortune to break her arm recently while unloading hay, is improving nicely.—Mr. and Mrs. Scott Yeomans, who were called to their home at Jamaica, L. I. Saturday on business, returned Sunday. Their daughter, Florence, who accompanied them, remained and on Aug. 1 began her work in the bank where she had accepted a position.—John R. Salisbury continues in very poor health.—The friends of John Van Valkenburgh will regret to learn that he is critically ill at the home of his son near Prattsville, with little hopes of recovery.

HINMAN HOLLOW.

Hinman Hollow, Aug. 2.—A dance will be held in the Hinman Hollow range hall Friday evening, Aug. 4. Good music is promised and ice cream will be served. Everyone cordially invited.—Mr. and Mrs. Charles Stephenson and daughter spent Sunday at William Clark's. Miss Hazel Clarke returned home with them from a visit to Oneonta. —Kenneth August and Leroy Clarke spent the week-end in camp at Arnold's lake.—The Sunday school meetings which are held at the school house are very successful and everyone seems to show interest.—Miss Dorothy Clayke, who has a position in Oneonta, spent the week-end at her home here.

Otsego Immanuel Church.

Otsego, Aug. 2.—The ladies of Immanuel church will hold a bake sale in front of W. D. VanDerwerken's office Saturday afternoon. The guild of Immanuel church will meet with Mrs. Eberfelds, Thursday afternoon.

Delaware County News

HAYFIELD ACCIDENTS.

Farmers Injured at Hamden and Bovina—Delhi Village News.

Delhi, Aug. 2.—William McCandlish was injured a few days ago while working in the hay field of John Simon on Hamden hill. He was raking with the team when the rake tongue broke, frightening the horses and causing them to run. Mr. McCandlish

was thrown down into the lake, but before they had gone far he was released as the runaways went over a knoll, sustaining no worse injury than broken ribs. One horse broke a leg and was killed to end its misery.

Frank Kinch, who was working in the hayfield of F. W. Hyatt in Bovina, has been home, having injured his ribs by a fall, striking on his side. He also had a bad attack of acute indigestion.

Gannon Undergoes Operation.

Herbert Gannon, who recently injured both ankles so badly by falling onto the concrete floor of a barn, is of the opinion that misfortunes never come singly. On Friday he had an attack of appendicitis and Saturday he was operated upon at the home of his father-in-law, A. B. Shaw, at Hamden by Dr. Douglas of Binghamton. He is doing well.

Estates of the Dead.

Estate of Pavel Hanula, late of Franklin; letters of administration issued to Zuzana Hanula. Estimate \$1,200 personal. Widow and two daughters the heirs.

Estate of Margaret B. Smith, late

of Middletown; letters of administration issued to Oliver Smith. Estimate \$1,000 real and \$1,000 personal. Husband, six sons and three daughters the heirs.

Estate of Thomas W. McCracken, late of Davenport; letters of administration issued to Joseph McCracken. Estimate \$4,000 real and \$2,500 personal. A son the heir.

Estate of Samuel Storrie, late of Sidney; letters of administration issued to Eugene W. Storrie. Estimate \$3,000 real and \$3,000 personal. Widow and son the heirs.

Estate of Alexander Bailey, late of Hamden; will admitted to probate and letters testamentary issued to Allen P. Henderson. Estimate \$2,900 real and \$400 personal. To Catherine Bailey, wife, is will life use of real and personal to Allen M. Henderson, grandson, \$500 at death of wife, to Allen P. Henderson, residue at death of wife.

Estate of William S. Graham, late of Delhi; will admitted to probate and letters testamentary issued to Mary A. Graham and Edwin Russell Graham. Estimate \$5,000 real and \$5,000 personal. To the heirs to the trustees of Woodland cemetery \$150, income to be used for keeping the burial lots; to Bessie W. Anderson, daughter, \$1,000; to Mary A. Graham, wife, life use of residue, to Bessie W. Anderson, Grace Graham, daughters, Edwin Russell Graham and Howard R. Graham, sons, residue equally, at death of wife.

Estate of Franklin; will admitted to probate and letters testamentary issued to Emma W. Beardsley and Wm. D. Odgen. Estimate \$750 real and \$750 personal. To Emma W. Beardsley, wife, is will life use of the property, all of which is to go to Eben Beardsley, brother, at her death.

The funeral of Mrs. Jacob Poole was held Monday afternoon from the Hamden Presbyterian church with burial at Hamden. Mrs. Poole died suddenly from acute indigestion, having been ill only two or three days. She was a fine woman, active and helpful in the affairs of the village and community yet mindful of her home and family and devoted to her interests. She is survived by her husband, who is employed in the Hamden creamery, and by three children, Ernest, who is in the medical department of the army, Jacob and Elvira, twins, aged about fourteen years, both living at home, by her mother and a brother in the west.

To Camp on Otsego Lake.

A party of Delhi girls, with Mrs. Harold Thompson, chaperon, left today to camp for a week on Otsego lake, Cooperstown. Misses Marjorie Landon, Eleanor Hine, Mildred McFarland, Katherine Birdsall, Anona Johnson, Ruth Warren, Martha Thompson, Marian DuBois, Gertrude Pagnies, Ida Schmitt, Dorothy Penfield, were in the party.

Grading State Road.

Contractor O. P. Williams and force of men are working in the vicinity of Peak's Brook road, grading for the new state road. Large loads of crushed stone were received this week for putting in the Peak's Brook bridge.

Personal Pointers.

Mr. and Mrs. F. W. Holmes of New Berlin were weekend guests of Mr. and Mrs. W. D. Southworth. Mr. Holmes is secretary of the Preferred Mutual Fire Insurance company. —Jules Selig of Indianapolis, Ind., has been spending a few days with his family at the summer home of his brother-in-law, Dr. L. B. Mendel. —Recent guests of Mr. and Mrs. O. H. Nichols were Mr. and Mrs. Charles H. More of Chicago and Mrs. Anna More, Miss Clara More and Samuel More of Roxbury. —Mr. and Mrs. Casper McNea of Blairsville, Ill., are guests at the home of Mrs. McNea's brother, William M. Alden.

SIDNEY CENTER WEDDING

Marian Simonson, Normal Graduate, Married Yesterday to A. D. Amner.

Sidney Center, Aug. 2.—The home of Mr. and Mrs. George Simonson was the scene of a pretty wedding at high noon today when their only daughter, Marion, was united in marriage with Arthur D. Amner in the presence of about 40 near relatives and intimate friends. The ceremony was performed by the bride's uncle, Rev. Robert S. Boyce, of Owego, under a bower of evergreen, ferns and pink and white flowers, pink and white being the color scheme in all the decorations. Just before the ceremony the wedding march, "College University Song," "Oh Promise Me."

The bride's gown was white canton crepe with fringe and pearl bead trimmings and she carried a shower bouquet of white roses. Her maid of honor, Miss Helen Harper, of Wilkes-Barre, wore orchid organdie and carried sweet peas. Charles Amner, a brother of the groom, acted as best man. Following the ceremony, a delicious wedding luncheon was served, six girl friends of the bride acted as waitresses, after which the couple departed by auto for a three weeks' honeymoon which they will spend in the Adirondacks near Lake George. The bride's going-away gown was a tailored suit of navy tricotine.

Among out of town guests were Rev. and Mrs. R. S. Boyce and daughter, Mary, of Owego; Mr. and Mrs. Harry Horton and son, Richard, of Affton; Mr. and Mrs. W. O. Harper and daughter, Helen, of Wilkes-Barre; Mr. and Mrs. James Hure and Mr. and Mrs. Luman Anderson of Sidney, and Mr. and Mrs. Albert Mallory of Painted Post.

Both young people are well known and popular in this vicinity, the bride being a graduate of the Oneonta Normal school and for the past two years a teacher in the Sidney High school. The groom is a successful poultry farmer. After September 1st they will be at home with the bride's parents.

Pre-Nuptial Event.

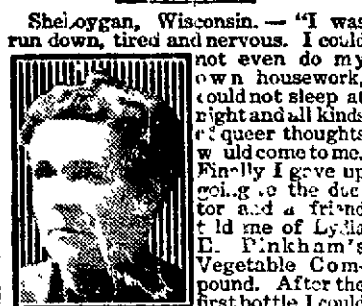

Enjoyable Birthday Party. A party of friends to the number of about 45 were entertained at the home of Mr. and Mrs. Charles Couper last Wednesday evening in honor of the fifteenth birthday of their son, Raymond. Dancing was enjoyed and a fine supper served, including a beautifully decorated birthday cake with fifteen candles. Raymond received a gift of \$12 in cash from his friends.

Mrs. Finch Entertains.

The members of the Gladie Roll of the Methodist Sunday school were entertained at the home of Mrs. Howard and Finch on Tuesday afternoon. A

QUEER FEELINGS AT MIDDLE AGE

Women Should Know how Lydia E. Pinkham's Vegetable Compound Helps at This Trying Period

Shelbygan, Wisconsin. — "I was run down, tired and nervous. I could not even do my own housework, could not sleep at night and all kinds of queer thoughts would come to me. Finally I gave up going to the doctor and a friend told me of Lydia E. Pinkham's Vegetable Compound. After the first bottle I could sleep better and I have kept on improving ever since. I have taken seven bottles now and am so happy that I am all over these bad feelings. —Mrs. B. LANSER, 1639 N. 3rd St., Shelbygan, Wisconsin.

For the woman entering middle age Lydia E. Pinkham's Vegetable Compound can be of much benefit. During this time of life certain changes take place which sometimes develop into serious trouble.

Melancholia, nervousness, irritability, headache and dizziness are some of the symptoms. Lydia E. Pinkham's Vegetable Compound is a natural restorative, especially adapted to assist nature in carrying you safely past this time. Why not give it a fair trial?

DAVENPORT HAPPENINGS.

Davenport, Aug. 2.—Iva Cronk, 16 year old daughter of Mr. and Mrs. Frank Cronk, underwent an operation for chronic appendicitis at her home in Harpersfield today. Drs. Lathrop and Brinkman of Oneonta and Craig of Davenport being the surgeons. The operation was successful and the patient is resting comfortably. Mrs. Mary Adams of Davenport is the nurse.—The Ladies' Fair and supper held at the Methodist church on Friday and Saturday evenings of last week was a decided success, about \$15 being realized.—J. A. Jenson and family left Monday on a motor trip to Ellenville and various points in the western part of the state. They expect to be gone about a week.

HOBART NEWS NOTES.

Hobart, Aug. 2.—Miss Bertha Wainbrodt of Washington, who had been a guest of Miss Leone Peters for a week, left this morning for Washington.—Mrs. Walter Lake, who has been ill at the home of her sister, Mrs. John Kniskern, is convalescing.—A meeting of the Home Missionary society to have been held with Mrs. Kniskern today was postponed indefinitely.—Miss Dorothy Grimes of Stamford was a guest today of her friend, Miss Blanche Gregory.

Strikers, Attention.

Use these days of idleness painting your houses, roofs and out buildings. Surprising how little it costs. See me for extra low prices at this time. Call Saturday or evening after 6 p. m. L. W. Vordermark, 15 East street, advt 1w

"Our orders represent healthy day by day increases, with no sign of letting up." So grocers say about Klipnokie, the high-grade coffee. advt 6t

BATTERY SATISFACTION FOR YOUR CAR

Is what we give you when we re-charge it. Your battery is the vital part of your car and like a human, being it is affected by thirst, starvation and overheating and it will wear out some day unless you give it the right care and attention. We will test your battery at intervals, recharge and bring it through to a vigorous old age for a moderate outlay.

W. O. BRANNAMAN GARAGE

Let its big lasting suds gently soak out all the dirt

RINSO suds make the water actually soapy all through. They work down into every fold and fibre, loosening the dirt, without weakening a single thread.

Just a light rubbing with dry Rinso on cuff edges, neck bands and the like is all the rubbing you will need to do—the dirt is so loosened.

Be sure to use enough Rinso to get the big lasting suds, that give the water a soapy feel all through.

Rinso is made by the largest soap makers in the world. It is sold everywhere. Get Rinso today—at grocery and department stores. Lever Bros. Co., Cambridge, Mass.

For the family wash Rinso is as wonderful as Lux is for fine things

FIT CANDIDATES.
Voters generally are beginning to realize that it is a candidate's fitness to serve which should determine his holding any office, and not his own selfishness. There could be no more hopeful outlook for any people.

In one city a Citizen's committee composed of representative men and women has been studying the field of congressional candidates and is now making public the names of those whom it recommends. The test of fitness is outlined as follows:

"The Citizen's Committee has not asked and does not know the convictions of these candidates on any issue. The Citizen's Committee believes that the standpoint of intelligence, character and training, should be thoroughly qualified to hear all sides of issues and then vote solely from the standpoint of intelligent investigation and sound conviction."

Public officials chosen for such qualifications and living up to them should represent any community for its own good and for the good of the country at large. It would make little difference whether they were of one party or another.

One thing is for men and women so qualified to take their places among those willing to run for office, and then for the same sort of men and women to see that they get in. When intelligence and character are found at the polls and on the tickets, we shall have less of bad politics and more of good government.

OCEAN FREIGHT RATES.

The railroads and the coal operators are having their troubles, but the shipping interests are not complaining. It is an ill wind that blows nobody good.

The United States demands for British coal is soaring and hundreds of thousands of tons are being bought at Newcastle-on-Tyne and in South Wales for immediate delivery here.

United States shipping board is planning to utilize scores of the nationally owned boats which have been lying idle for lack of cargoes, and tramp steamers from every port are being chartered to carry the coal.

International trade is slack right now, and Europe is not buying much in America in the shape of machinery. But there is always brisk trade in foodstuffs, and this is the time of year when it is most active. The movement of grain outward promises to make British coal cost us less.

Grain rates on ocean freight usually suffer in August, but this year the supply of available tonnage is expected to make them easier. For some months that rate has been about 14 cents a hundred pounds, as against 13 cents before the war. This fall grain is expected to cross the Atlantic at 10 cents a hundred. It will make a lot of difference overseas.

DR. E. A. YARROW RETURNS.

Prominent Near East Worker Arrives in New York City.

The following from last night's Binghamton Press will interest many Star readers. Dr. and Mrs. Yarrow being well known here:

Miss Grace Yarrow and her brother, George, who spent several years at school in Honolulu and since July 1 has been with their grandmother, Mrs. Henry Tuckley, at 7 Murray street, left yesterday for New York, where today they will greet their parents. Dr. and Mrs. Ernest A. Yarrow of the Near East Relief, when the steamship Constantople arrives from Turkey. It will be a day of great joy for the young folk, as they last saw their father six years ago and their mother two years ago.

Dr. and Mrs. Yarrow will not come directly to Binghamton. Owing to the necessity for the doctor to remain around Near-East headquarters at New York, they will make their home for several weeks at Ocean Grove, before coming to visit friends and relatives upstate. Owing to temporary indisposition, Mrs. Tuckley could not accompany her grandchildren to New York, but she hopes to leave for Ocean Grove late this week or early next. Then she will spend several weeks with her daughter.

Dr. Yarrow, upon arrival in New York today, sets his feet upon American soil for the first time in six years. His wife was home to Binghamton two or three years ago. During their work they have been at various points in Near East lands, and more lately have been stationed at Tiflis, in the Georgian mountains, north of Armenia. They have gone through scenes and territories scarred by the sword and famine of the World war and have many tales to tell of adventure and narrow escapes from death.

Both have been mentioned a number of times in cablegrams receding Near-Eastern disturbances.

Bootlegging in Broome. In the Broome county jail there are 48 individuals who are trying to make a trial balance and see what profit there is in bootlegging. Forty of them couldn't pay the fines imposed upon them by the Federal court. Six others are awaiting a little trip down to Atlanta, Ga., where they will have an opportunity to become well acquainted with the inside of a Federal prison.

COMMENTS OF THE PRESS

To Have and to Hold.

They probably call it the mighty dollar because it is mighty easy to let go of and mighty hard to hang onto.—[Jamestown Journal.]

A Matter of Theft.

Comfortable financial independence is a matter of plain old-fashioned thrift, though expanding the modest fortune to a gigantic fortune depends on ability and chance.—[Ithaca Journal-News.]

Working as Farmers.

When any class of workers work as farmers do, for the job's sake, and pay their debts as soon as they are able, they deserve prosperity.—[Tacoma Ledger.]

Family Safe Deposits.

American Bankers' association reports that deposits in banks of the United States amount to more than \$1,000,000,000. And outside of that, how much do you suppose there is in pockets and stockings and old tea-pots?—[Cleveland Plain-Dealer.]

Names of Streets.

Boston needs no system of numbered streets, as the existing names afford sufficient guidance. For example, if Summer street comes, Winter street cannot be far behind, and when you are in Milk street you know that Water street must come next.—[Boston Transcript.]

The New Dance.

Isadora Duncan has devised a dance which requires only the movement of the eyes and eyebrows. At that, there'll be the usual delegation of smart-set members who'll beg to be excused on the plea that the dance is too exhausting.—[Buffalo Express.]

Twilight of an Emperor.

William of Hohenzollern, ex-emperor of Germany, no longer entertains any hope of a return to the Fatherland, if recent reports brought by visitors from Doorn are true. The press accounts of the ex-emperor's recent utterances and condition are decidedly dark. The assassination of Rathenau, which was a shuddering fit of gloom, which was not lighted in any way by the death of his chaplain, Dr. Weiss, who died the same week. Influenced, no doubt, by the knowledge that the emperor's gloom has been thus profound, the view is expressed in more than one quarter that his early death may be looked for. It would not, indeed, be strange if this apprehension were realized. As a rule, monarchs who have been hurled from the highest pinnacle of power do not long survive their humiliation.—[Boston Transcript.]

Pot and Kettle.

The denunciation of the Russian Reds by General Ludendorff will be followed by a denunciation of General Ludendorff by the Russian Reds. Both, probably for the first time in their careers, will be right.

What Ludendorff did on the battlefield the Reds are doing in the office to which they have elected themselves. Terrorism was Ludendorff's creed, as it is the creed of the Bolshevik. Ludendorff was autocratic and a killer. The Reds are autocratic and a killer.

The killings that are committed in Russia by the men in power are the same sort of killings that are committed in Germany by monarchist assassins. Ludendorff is confessedly a monarchist.

Were it possible for the nations of the earth to pit the German monarchists against the Bolsheviks and let them fight it out the coming of peace would be greatly hastened.—[New York Tribune.]

A Short Wave Length.

Money talks, but it would take a pretty powerful instrument to broadcast the ruble.—[Detroit News.]

Worcester Barn Burns.

Worcester, Aug. 2.—The large barn on the corner Evans and Tenth located on four miles from this village was destroyed by fire Monday night. The blaze was discovered at about 11 o'clock and owing to the dryness of the building and contents it was impossible to check the fire. The barn contained about 75 per cent of the season's hay crop and considerable farm machinery and implements. The house caught fire several times, but through efforts of neighbors it was saved.

The barn was insured for \$200 in the Grange Co-operative Insurance company, which is only a small part of the loss. The cause of the fire is unknown. Much sympathy is felt for Mr. Evans in his loss.

Trask Family's First Reunion.

Five generations were represented at the first reunion of the Trask family, held at Canadrago park last Saturday. There was a good attendance of relatives, 35 being present, and all spent an enjoyable day. There were games and music and sports along the shores of the lake, and the dinner, which was bountiful and delicious, should not be overlooked. The day was such a decided success that it was decided to make the reunion an annual event in the future, and the next will be held at the same place the last Saturday in August, 1923.

Mrs. George Wright was chosen president and Everett W. Trask secretary and treasurer. Photographs were made of the five generations present.

One Hundred Third Dividend.

At a meeting of the board of directors of the First National Bank of Cooperstown, held July 31st, a semi-annual dividend of 3 per cent was declared, payable August 1st.

The current dividend declaration made by this institution since it became a national bank with the inception of that system in 1864.

It is understood that the period just closed has been a very prosperous one with deposits, resources and earnings at record figures.

TRAPPED! BY GUM!

PRETTY HOME WEDDING

Eva Ruth Taber and Lynn St. John joined in Marriage Yesterday at Home of Bride's Parents, Supervisor and Mrs. Frank Taber, at West Oneonta.

West Oneonta, Aug. 2.—Eva Ruth Taber, daughter of Supervisor and Mrs. Frank Taber of this village, and Lynn St. John were united at the home of the bride's parents at one of the prettiest ceremonies ever solemnized here. The vows were said in front of a bower of ferns and pink and white hydrangeas, the clergyman being Rev. M. C. Miner, D. D., of the Free Baptist church, the bride's pastor. The bride was given away by her father, Mrs. Ralph A. Columbus, Ohio, presided at the ceremony and Miss Elinor Kilkenny, oneonta, rendered the solos.

The bride, who was charmingly gowned in radium lace over white charmeuse and carried a shower bouquet of white roses and sweet peas, was attended by her maid of honor, Miss Bull, a cousin, as maid of honor. Miss Bull wore pink organdy. The bridesmaids were Irene St. John of Cortland, sister of the groom, and Mrs. Lynn Horton of Cortland, who wore white organdy. The groom was escorted by his best man, Mr. Clifford Eldred of Oneonta and the ushers Lynn Horton of Cortland and C. E. Staley of Schenectady.

The groom's gift to the bride was a wrist watch, to his best man a scarf pin and to the ushers cuff links. The bride gave her attendants gold bar pins. Following the ceremony a delicious luncheon was served, the caterer being Mrs. Stella Jones of West Oneonta. Ten young ladies from the Sunday school class, which the bride had taught for the past five years, waited on table. Following the reception and luncheon Mr. and Mrs. St. John left by automobile for a trip to points of interest in the eastern part of the state. They were the recipients of many handsome presents, including silver, cut glass, linen, pictures and a substantial sum of money in checks and gold pieces.

The bride is a graduate of the Oneonta High school and Oneonta Normal school has taught in Schenectady and West Oneonta. For the past two years she has been an instructor in the East End school at Oneonta. She is a young lady with a charming personality and high attainments and has many friends in her home village and vicinity. The groom formerly lived at Laurens but has been a resident of this village for several years. He is a prosperous farmer with a host of friends. To both the sincere congratulations and best wishes of many will be extended.

There were about 80 guests, including the following from Cooperstown: Mr. and Mrs. W. C. St. John and Miss Irene St. John of Cortland; Mr. and Mrs. H. D. Henderson and Mr. and Mrs. T. S. Tripp of Walton; Mr. and Mrs. Afton Nearing and Mrs. Mary Nearing of South New Berlin; Mr. and Mrs. Hiram Shaw of Mt. Vernon; Mrs. Edward Rice and Miss Marion Finkle of Sidney Center; Mr. and Mrs. Howard Bundy of Goodyear lake, Miss Hattie Webster, Miss Frances Ryan, Mr. and Mrs. John Shade, Miss Lillian and Mrs. C. S. Staley and son of Schenectady; Mrs. Helen Hurlbutt and Miss Frances Kellogg of Unadilla; Mr. and Mrs. Henry Culver and Mrs. Thomas Culver of Morris; and Mr. and Mrs. Lynn C. Horton of Cortland.

TWENTY AND THIRTY YEARS AGO

Days of Old Recalled by Items Clipped from The Star Files.

August 3, 1892.

Thomas Willham was just completed a handsome residence on Grand street. J. O. Rowe and J. R. Skinner were re-elected members of the Board of Education yesterday.

Rev. Dennis E. Murphy of East Albany has arrived to succeed Rev. J. A. Maney as pastor of St. Mary's church. At a spirited school meeting at East End last evening J. W. S. Farr and N. H. Bulger were elected trustees. A. H. Murdoch, clerk, and E. E. Beals, principal and librarian.

August 3, 1902.

L. E. Wilder has purchased the N. Compton house at 41 Elm street and has moved there. Mrs. L. C. White will open a hand laundry in the Exchange block today. C. C. Wallace, the barber takes possession tomorrow of the shop on Broad street just above Keenan's ticket office.

Lee VanWoert leaves tomorrow morning for Chenango lake where he will be the guest for a week of a camping party.

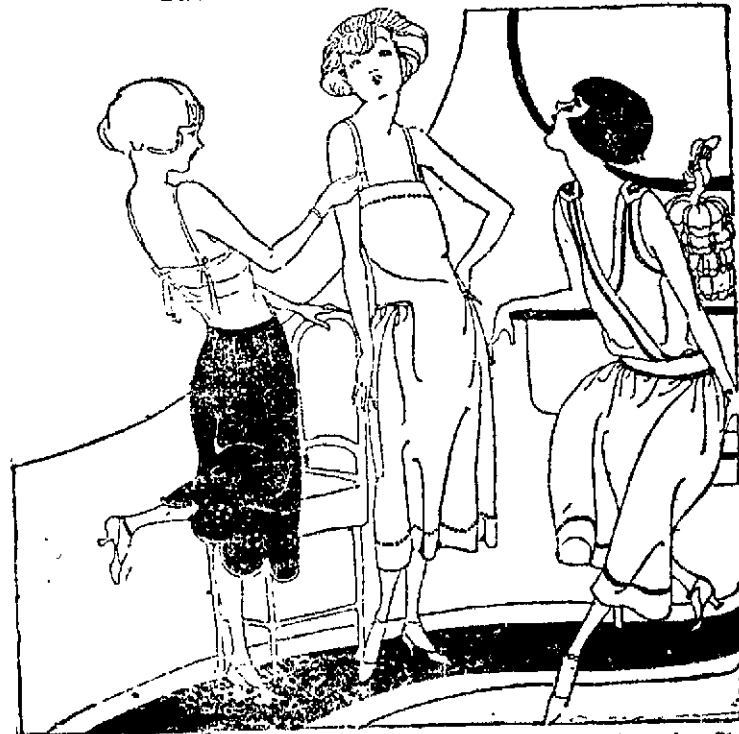

THE WEATHER FOR JULY

Temperature, Daily Range and Rainfall for Second Summer Month.

The mean maximum temperature in Oneonta for the month of July was 82.5 degrees, the mean minimum 57 degrees and the average 69.75 degrees. The highest was 95 on the 12th and the lowest 42 on the 30th. The greatest daily range was 33 degrees on the 30th. The rainfall for the month was 1.98 inches and there were only eight days on which a measurable quantity fell. As compared with June, the rainfall was only a little more than a fourth as much, but the heavy rain of that month was sufficient to keep crops going, while the clear skies of July itself was of inestimable benefit to the farmers, busy in securing their crops.

and Mrs. Walter Nearing of South New Berlin; Mr. and Mrs. Hiram Shaw of Mt. Vernon; Mrs. Edward Rice and Miss Marion Finkle of Sidney Center; Mr. and Mrs. Howard Bundy of Goodyear lake, Miss Hattie Webster, Miss Frances Ryan, Mr. and Mrs. John Shade, Miss Lillian and Mrs. C. S. Staley and son of Schenectady; Mrs. Helen Hurlbutt and Miss Frances Kellogg of Unadilla; Mr. and Mrs. Henry Culver and Mrs. Thomas Culver of Morris; and Mr. and Mrs. Lynn C. Horton of Cortland.

Hot Weather Underwear

The costume slip is the latest addition to hot weather lingerie. It is worn with a pair of step-ins and either with or without a chemise. Pinks and white silks are the materials used.

The Economical Auto Soap

MOBO Auto Soap goes further and preserves the varnish because it is a 100% pure vegetable oil soap and contains no free alkali. Cheap soaps are cheap because they are quickly made of inferior materials and the result is free alkali which inevitably dries out the varnish and makes it crumbly.

For real economy insist on MOBO AUTO SOAP.

1 lb. 40c, 3 lb. \$1.00, 5 lb. \$1.50. Also 10, 25 and 50 lb cans and in barrels

Sold by the following Dealers

Butts, A. M., 222 Main street.
Francis Motor Sales Co., 299 Main street.
Jones, M. G., 2-6 Main street.
Oneonta Sales Co., 27 Market street.
Stevens Hardware Co., 153 Main street.
Milford, N. Y., E. A. Francis garage.
COOPERSTOWN, N. Y., Cook's Auto Supply Co., Leather-stocking garage.
MOBO AUTO SOAP and SHOFO HAND CLEANSER are manufactured by John T. Stanley Co., Inc., N. Y. Established 1890.

BEFORE IT IS TOO LATE

Sure signs of improved conditions in the world of business and industry are growing more numerous all the time. Six months ago, it was mighty hard for most firms needing money to borrow, and what money was available had to be paid for in high interest rates.

Already interest rates have begun to decline, but owing to the depression which is still felt in many quarters, some of our soundest permanent industries, in offering their bonds, are forced to do so at exceptionally high rates of interest. The advantage which this unusual situation carries for the investor is obvious.

Conditions are already beginning to come back toward normal. It is now only a question of months before the inevitable settling of conditions will result in the withdrawal of some of the best borrowers.

LOCAL MENTION

The band concert to have been given last evening was postponed on account of the rain, to Friday evening at 8 o'clock in Brown's park.

The Giants will oppose the E. J. Legions at Neahwa park at 4:15 this afternoon in the fifth game of their series. Bridwell's men have found their batting eyes and will make a strenuous endeavor to send the shoe-makers back to their last with defeat written large upon them.

The coal situation in the city is fast becoming acute. There is no stove and egg coal in the dealers' bins and very little chuck and pea. The two latter sizes are being sold only to those who are in real need and then only 500 pounds at a time is allowed.

The city assessors, L. B. Murdoch and J. H. Potter, have completed the assessment rolls and will be at the municipal building today, tomorrow and Saturday afternoon to receive assessments and to hear and examine all complaints upon the application of persons considering themselves aggrieved.

At 7 o'clock this evening on the lawn in front of the scout headquarters on Ford avenue the Boy Scouts will hold an ice cream social to raise funds for their two weeks' camp on Goodbye lake. At 8 o'clock the boys will present a program of motion pictures, including a reel about scout activities, an educational feature and a Charles Chaplin comic. It is hoped that there will be liberal patronage as the cause is a worthy one.

Indications are now that City Engineer Gurney was not far amiss when he stated recently that the concreting of Lower Chestnut street would be completed by Aug. 15. It is expected that it will not take more than 10 days of good weather to complete the southerly side of the street, which is practically graded and ready for the concrete mixer. The improvement, as The Star has often predicted, will be found one of the most notable to the streets of the city made in recent years.

LEAVE FOR MILITARY CAMP

Three Oneonta Young Men Depart Monday for a Month's Vigorous Training Under Supervision of Federal Government.

Lloyd Jordan Berner, Donald Charles and Ralph Butts of this city left Monday morning for New York city, from which place Mr. Berner and Mr. Butts entrained Tuesday morning for Camp Dix, and Mr. Charles for Montauk Point, L. I., for one month's training in camps provided by the federal government at these points.

This training consists of three courses, the Red, White and Blue, covering a period of three years in all branches of military training at the expense of the federal government for the pick of America's young manhood.

Mr. Berner successfully completed the Red course at Plattsburgh, in 1921 and this year will receive his training in the White course as a member of the 49th division of the U. S. cavalry at Camp Dix, N. J.

Mr. Butts enters the Red course in the engineering department at the same camp.

Mr. Charles enters for the Red course in the 1st artillery at Montauk Point, L. I.

The young men are anticipating a month of pleasant, vigorous, outdoor life as well as intensive instruction in the respective departments of military training to which they have been admitted.

Meetings Today.

The W. R. A. O. T. M. Embroidery club will hold a basket picnic on the lawn of Mrs. Howard Fay, 329 Chestnut street, this afternoon and evening. Bring usual refreshments and our own dishes.

Regular meeting of Autumn lodge at 7:30 o'clock tonight. Initiation.

Box Social at Moose Club.

The Working Workers of the W. O. M. L. will hold a box social at the Moose club rooms Friday evening. Moose members, wives and friends are cordially invited to attend. Members of W. O. M. L. please notice that the regular meeting will be held the same evening at 7:30 sharp. Each lady bring box with lunch for two.

Entered in Golf Tourney.

S. L. McKean the Oneonta Country club's stellar golfer, entered in the tourney this week at the Mohawk golf club at Schenectady. It is understood also that one or two players from Stamford are also entered.

Residence on the Market.

Yesterday we listed a handsome property on Elm street near Cedar street, fully equipped, fine repair, large lot and garage, paved, with fruit. Ideal location for a home or for rooming. Act quickly for this will sell without delay. \$6,700. H. M. Bard & Son, 8 Broad street. Adv. 31.

Auction

At 366 Main street commission stabler Friday at 10 a. m. Several horses and cows, one Ford commercial truck, one Oakland touring car in good condition. A quantity of household furniture. Fred Whipple. Adv. 32.

A TRIPLE TRAGEDY

Trolley Car Collides With Auto at Liddell's Crossing

WOMAN INSTANTLY KILLED

Husband and Niece Have Skulls Fractured—Little Girl Expires Six Hours Later—Husband Will Probably Die—Victims Are Mr. and Mrs. Gerrie Crandall and Ada Sprague.

Schuyler Lake, Aug. 2. — One of the most terrible accidents in the history of this township occurred this morning a little after 8 o'clock, when Car 53 on the Southern New York line, north bound for Herkimer, collided at Liddell's crossing with the auto truck of Gerrie Crandall, in which were himself, wife and little niece, Ada Sprague, crushing the machine, instantly killing Mrs. Crandall and throwing out both Mr. Crandall and the little girl. Both the latter sustained fractures of the skull and were taken to the Mary Imogene Bassett hospital at Cooperstown, where the girl died at about 2 o'clock this afternoon. Mr. Crandall at last report was still living but his condition is considered very critical.

As fully as can be determined the facts in the case are as follows: Mr. Crandall, who resides about one mile from the scene of the accident, on what is known as the old Fay place on Pigeon hill, had taken his cans to the milk station at the crossing. He was accompanied by his wife and their niece, and after unloading the milk drove directly across the tracks in order to turn around. The location of the auto between the two small buildings which make up the milk station doubtless hindered him from hearing, as it certainly did from seeing, the approaching car, or the motorman on the car from seeing him. At any rate he had reached the middle of the track when the trolley, which was running at a good rate of speed, struck the truck a square blow, carrying it fully 200 feet up the line before the car could be stopped.

When the car was brought to rest the lifeless body of Mrs. Crandall was found beneath the wreck of the auto, the skull being crushed and many bones of her body broken. Mr. Crandall and the little girl were both thrown clear of the car and trolley. The former had his skull fractured and several ribs broken. The young girl suffered two fractures of the skull, one at the base of the brain and the other at the top of the head. Though her condition appeared hopeless, trephining was resorted to in a hope to save her life, two pieces of bone being removed. She died, however, at about two o'clock as above stated.

The condition of Mr. Crandall at a late hour last night was reported very critical, but slight hopes were held out for his recovery.

At the scene of the accident first aid was given by Edgar Hinderling, who was also at the station with milk, and Dr. Lee of Schuyler Lake was summoned, and later Coroner Ward of Richfield Springs. The latter viewed the body and gave permission for its removal. The trolley was in charge of L. Dean Beach of Hartwick as motorman, with Charles Holcott, also of that place, as conductor. The date for the inquest has not yet been fixed by Coroner Ward. The milk station had been closed for a considerable period, and had only been started up a few days ago. The crossing is said to be a public one.

Officials of the trolley line were promptly on the scene and offered such assistance as was possible, but it was thought best to take the man and child to the hospital in an auto, as being quicker and easier. It is stated by trolley officials that the motorman blew his whistle some distance south of the crossing and this has been corroborated by passengers on the train. The full details, however, must await the hearing before the coroner.

Mr. Crandall is 23 years of age and his parents are understood to reside at West Edmeston. His wife was a year younger, and they were married four years ago. Mrs. Crandall was a daughter of Mr. and Mrs. William Fay, whose home was directly across the highway from the milk station; and to their home the lifeless body of their daughter was carried. The latter was born, married and had always lived in the house on Pigeon hill, above noted as the family home. They were exemplary young people, much beloved by all who knew them.

The little girl was a daughter of Mr. and Mrs. Ada Sprague, and was a native of West Winfield. She was visiting at the home of Mr. and Mrs. Crandall at the time of the accident.

UNCLE TOM'S CABIN

Attracts Big Crowd to Tent on Wilcox Flats Despite Downpour.

That Harriet Beecher Stowe's famous Uncle Tom's Cabin still has a well nigh universal appeal was evidenced last evening when John E. Sawgo's mammoth production of the popular American drama was presented to a crowd that filled the big tent on Wilcox flats. Rain fell during the time when an evening audience would be leaving for the show tent, yet the throng numbered close to 1,500 people.

While the play would be considered by some as an inaccurate adaptation of the book, yet the audience responded well to the efforts of the players and the majority seemed to enjoy it. The performance was interspersed by scenes rendered by a colored quartet which were well received. Little Miss Talbot, a five-year-old, received an unusually hearty ovation for an Oneonta audience when she appeared with her father in a vaudeville skit.

The company travels by motor cars and has a string of ten big trucks and it is drawn elsewhere as it did in Oneonta. It certainly must be a profitable venture.

Union Barber Shops.

We, the undersigned barber shops, wish to call the attention of the public to the shops having the Union Shop Card.

POWER HOUSE MEN WALK OUT

Employees in D. & H. Power Plant and Ash Pits Go On Strike—Have Been Recently Organized—Company Using City Current.

The threatened strike of stationary engineers, firemen, oilers and ash pit workmen in the local D. & H. shops has materialized and the power plant is closed, the company relying upon their connection with the lines of the New York State Gas and Electric corporation to supply the necessary current for lighting and power purposes. At 7 o'clock yesterday morning the men drew their fires and went out in a body, 100 per cent strong they claim and the railroad officials do not deny the truth of their statement. Strike officials claim that nearly a hundred men are affected by the walkout which Miller Mechanic Donnell states that not more than 15 men quit work.

The men affected by this walkout had not previously been organized and stayed at their work when the national unions of their trades went out some time ago. Within the past week, however, union officials have been at work among them and they now have elected officers and associated themselves with the Federated Crafts.

The members of the crafts are naturally elated over this increase in their ranks and look upon it as the beginning of a walkout of more railroad workers in protest against the rejection of President Harding's cabinet by the railroad executives. Local D. & H. officials claim that they will not be seriously inconvenienced. They say that they can get needed current from the local electric light company and that men were secured from Albany last evening to replace the oilers and ash pit men.

Citizens doubtless noted that the shop whistle did not blow at its usual time yesterday. Probably its strident note will not be heard again until after the strike is settled.

THE KIDDIES NEED YOUR HELP

Rotary Club Wants Hosts for More Fresh Air Children Before List Closes Friday Noon.

Fifty children of the tenement districts of New York city who have been assured a two weeks' vacation among the hills and dales of beautiful Oneonta for the noise and dirt which makes their everyday life a burden, through the efforts of the Oneonta Rotary club and the generosity of vicinity residents. The Rotarians are not satisfied with even that splendid accomplishment, however, and in the day and a half remaining before the list of hosts must be sent to the Tribune Fresh Air fund will endeavor to place as many more kiddies as possible.

The lists must be sent in Friday noon and persons wishing to entertain one or more children for two weeks are urged to communicate with Everett Hicks at the Chamber of Commerce as soon as possible. Two weeks of recreation, milder growing things and with fresh air to breathe and wholesome food to eat means more to the underprivileged children of the congested portions of New York than any of us realize. That as many as possible of these boys and girls may enjoy for a short time what we have the year around, it is hoped that there will be a generous response before the list of hosts must be sent to the Tribune Fresh Air fund for a life giving two weeks' period.

BENEFIT STREET DANCE

Federated Shop Crafts Will Hold Block Party on Grand Street Saturday Evening—Theatre Benefits a Success.

Through the courtesy of Mayor Miller and other city officials the Federated Shop Crafts have been granted permission to hold a benefit dance on Grand street on Saturday evening. One of the city hands will donate its services and dancing will be in order from 8 o'clock until 11:30. Gentlemen will be charged 10 cents for each dance and ladies will be admitted free of charge.

The benefit motion picture performances at the Oneonta theatre the first three days of this week were highly successful and netted the Crafts about \$300. To owner Hathaway, Manager Moore and the public who so generously bought tickets the Crafts wish to express their gratitude and appreciation.

In Camp at Goodbye.

Mr. and Mrs. Frank H. Bouton and family are in camp for two weeks at Camp Well-Kum-Inn at Goodbye lake and are having a jolly time. Among guests already visitors at the camp have been Mrs. Burr Bronson and three children of Boston, Mass., Mr. and Mrs. Ray Dibble and son, Albert, of Kortright, and Mr. and Mrs. Samuel Bennett of Bloomsburg and in addition numerous friends from this city.

Falls on Scythe, Cutting Arm.

Jewett Dyer of 54 Maple street is in the Oneonta hospital, suffering from a severe cut on his left forearm sustained on Thursday last when he fell upon his scythe while cutting grass on his son's farm near Robert. Mr. Dyer slipped upon some ashes which had been thrown upon the grass and the point of the scythe cut a slash to the bone from the wrist to the main artery and all of the tendons. It is not known whether the injury will result in inability to use the hand.

Big Dance at Millford.

In Jewell's hall, Friday evening, August 4, Round and square dancing from 9 to 1. Everyone come. Dance bill \$1.00. Music by Collier's Super-Sax orchestra. Bus will leave Chestnut street corner at 8:15. Adv. 2t.

STANFORD FAVORS LEAGUE

SECRETARY HUSTED OF CHAMBER OF COMMERCE URGES ACTION

Expresses Sentiment of Mountain Resort and Thinks Tri-County League With Six Towns Advisable—Stanford and Walton Should Be Included.

The Star has received the following letter from Charles G. Husted, secretary of the Stamford Chamber of Commerce, relative to the formation of a baseball league in this section which will be read with interest by the fans.

"Editor Star:—

In your issue of July 31st, there appeared an article relative to a league being formed next season between several teams in this vicinity, the article especially mentioned Sidney, Oneonta, Unadilla and Norwich. The writer of this article also stated that he could see no reason why Stamford and Walton should not appear in that league.

"This is the general opinion here in Stamford, and we feel that we would give any of the towns mentioned real ball games.

"The six towns mentioned above could get together this winter, form a schedule, and have a nice little league which might be called the Tri-County league, or something of like manner.

"If possible, take this discussion up in your paper, and the general public in your section can feel assured that Stamford would like to get in such a league as this promotes greater interest in the game and the gate receipts should enlarge accordingly.

"I would be glad to hear anything as regards a league from the towns mentioned above."

New Catcher for Giants.

The stork visited the home of Mr. and Mrs. Fred Sinstack, 21 Grand street, at 6:15 o'clock last evening and presented them with a fine eight-pound boy, who has been named Harry Frederick. The proud father, popular catcher for the Oneonta Giants, is certain that the boy will develop into a phenomenal catcher and the grandfather, Harry J. Butts, also sees promising signs.

Farm Bureau Demonstration.

There will be a Farm Bureau demonstration on poultry culling at the Emmons farm today at 2 p. m. Everybody welcome.

Dr. W. S. Cooke has returned from Camp Dix and will resume his practice beginning today. Office hours: 1 to 3 and 6 to 7:30 p. m. Adv. 3t.

Coast to Coast in Flivver Bungalow

Giving landlords, hotels and railroads the laugh, Mr. and Mrs. Charles Chertsey set out from New York on a cross continent trip. In their 1922 version of the old Prairie Schooner, they have two rooms fitted up as bedroom, kitchen, dining room and library.

FROM PROMINENT CHENANGO MAN

Charles S. Holcomb, Former Supervisor and Sheriff, Dies at Home in Plymouth.

Norwich, Aug. 2.—Charles S. Holcomb, a leading farmer and a former sheriff and supervisor of Chenango county, died at his home in Plymouth at 6 o'clock this evening, aged 59 years. He was a son of Mr. and Mrs. Ira Holcomb and was born in the town of Plymouth in June, 1863. He was educated in the schools of his native town and was engaged as a farmer until prevented by ill health about two years ago. Mr. Holcomb was a Republican in politics and was chosen town clerk and later supervisor from Plymouth, serving in the latter office for 12 years, part of the time as chairman of the county board. He was chosen sheriff in the fall of 1912 and served the limit of one term. He was chairman of the county tax equalization commission at the time of his death. Surviving him are his wife, who was Miss Nettie Alrich of Plymouth, and three sisters, Mrs. A. B. Stewart and Mrs. C. S. Frink of this city and Mrs. E. D. George of Plymouth. The funeral will be held Saturday afternoon at 2 o'clock, Rev. John Robinson officiating. Burial in Plymouth.

Deso Funeral at Champlain.
The body of John E. Deso, the victim of Tuesday's automobile accident at Mend's pond, will be taken to Champlain, N. Y., tomorrow morning. A brother, Robert Deso, came up from Binghamton and made arrangements for the funeral after wiring the parents at North Adams, Mass. The family formerly lived at Champlain.

It's a great mistake to think that high price and high quality go together. Osego coffee has a richer, better flavor than coffees selling for double the price. advt 6t

NOTICE.

Notice is hereby given that Fred Bliss has petitioned and made application to the Common Council for a license to operate a motor vehicle or bus line in and along the streets of this city commencing at the intersection of Maple and State streets, near and Normal school, hence along State street to Maple street; thence along Maple street to Center street; hence along Center street to Church street; thence along Church street to Chestnut street; thence along Chestnut street to Main street; thence along Main street to Broad street; thence along Broad street to the Delaware & Hudson Co. station, and return by the same route.
Take further notice, that the Common Council will on the fifth day of August, 1922, at 8 p. m., hold a public hearing on said petition or application in the Common Council chamber, Municipal building, at which time any and all persons may be heard in relation thereto.
Sheldon H. Close, City Clerk, City of Oneonta, New York.

WIDOW OF CIVIL WAR VETERAN

Mrs. Harriet O. Kidder Dies Wednesday Morning at Homestead in Laurens Village.

Laurens, Aug. 2.—Mrs. Harriet O. Kidder, wife of the late Colonel John S. Kidder, and one of the most beloved and respected women in this community, passed peacefully away this morning at the old homestead long occupied by her and where she was born on July 24, 1836—eighty-six years ago.

The deceased was the youngest, and the last survivor, of the nine children of Joshua and Ruth Matson, who in the early days came into this section from Powtucket, Vt. Seventy-two years ago, she united with the Baptist church at Morris, of which she ever since had been a consistent member; and for many years since she has been a diligent and faithful worker in the churches of this village, where the Baptist denomination is not organized. Many of the men now prominent in the affairs of Osego county will gratefully remember her as the teacher of their youth in the Methodist Sunday school of Laurens village.

For nearly half a century, Mrs. Kidder and her husband were prominent in musical circles, and contributed freely of their talents to the church choirs of this village. As the wife of a distinguished veteran of the civil war, Col. John S. Kidder, 121st Regt. N. Y. Volunteers, Mrs. Kidder was a member of the Relief Corps of Oneonta, and until the last meeting, she never had failed to attend the reunion of her husband's regiment. Her intense interest always was manifested in the preparation of the program for the celebration of Decoration day, and the cemetery at Laurens owes its present improved and embellished condition to her enterprise, as president of the cemetery association. In fact, to all enterprises invoking the patriotic spirit, as well as to church and private charity, the deceased has always been a willing contributor. As a faithful wife, a loving mother, a kind neighbor and a patriotic citizen much is she appreciated and long will she be remembered.

The deceased left the following children to mourn her loss: Mrs. Fayette Allen, of Schuyler Lake and George T. Kidder of Richfield Springs; her eldest daughter, Mrs. George W. Ainslie, having predeceased her. She also leaves the following grandchildren: Samuel Ainslie of Johnson City, Mrs. James Maxwell of Hartwick, William Ainslie, Charles Ainslie and Kearney Ainslie of Schuyler Lake, all children of deceased daughter; Mrs. Erdie Washburn of Schuyler Lake, and John K. Allen of Frakfort, children of Mrs. Allen; and Mrs. Leslie V. Rose of Oneonta, and Mrs. Henry Hand of Binghamton, children of the son, George. She also leaves eleven grand grandchildren.

The funeral services will be held on Sunday, Aug. 6, at 2 p. m., at the late residence. Interment in the Laurens village cemetery.

Former Worcester Man Killed.

Rev. Chas. L. Leonard, brother of Mrs. Julius H. France, of Seward, and a former citizen of the town of Worcester, was killed in an automobile accident at Jasper, Alabama, July 25. The remains were brought to Seward and the funeral held from the Seward Center M. E. church Sunday afternoon at 4 o'clock. Interment in the France lot in the Seward Center cemetery.

Card of Thanks.

To the friends who so kindly remembered us in our sudden bereavement we wish to express our heartfelt appreciation.

Personal

Mrs. C. H. Borst of Cobleskill called upon friends in Oneonta yesterday.

Mr. and Mrs. Fred P. Hunt arrived home last evening from a visit with friends in Albany and vicinity.

Miss Rose Meeghan of Stamford was in Oneonta yesterday on her way to visit relatives in Schenectady.

M. J. Ward of Unadilla was in the city last evening on his way home from a business trip to New York city.

Charles Voss of Grand Rapids, Mich., is the guest for a few days of his sister, Mrs. A. C. Lange, 45 Maple street.

The Misses Katherine and Marguerite Morse, May Jenkins and Mary O'Brien of Stamford were in Oneonta yesterday.

Mrs. Marguerite Every of this city, who had been spending a few days in Carbondale, returned home yesterday afternoon.

Mr. and Mrs. W. C. Larmon and E. W. Johnston of Cornwall are guests of Mr. and Mrs. J. P. Harrington of this city.

Mrs. T. G. Evans and daughter, Ella Marion, of 408 Chestnut street, are guests for a week of friends and relatives in Albany.

Miss Lillian Olmstead, who has been visiting Mr. and Mrs. Paul Baldwin of 49 Maple street, returned Wednesday to her home in Geneva.

Mr. and Mrs. George W. Ellis arrived home last evening after a visit with their daughter, Mrs. George B. Shearer, at Quincy, Mass.

Mr. and Mrs. David Utter, A. O. Smith and Mrs. Frank Berius and son, Fred, are spending three weeks in camp at Arnold's lake.

Mrs. M. R. Cummings of Maryland and Mrs. Burdett Scott and children of Detroit, Mich., spent the day at A. G. Kilmer's, 97 Chestnut street.

Mrs. George Klughardt of San Diego, Cal., and Mrs. W. A. Elliot of Walla Walla, spent the day at Mrs. W. W. Rowe, 79 Ford avenue.

Mrs. L. B. Bowen has returned from a three weeks' stay with the family of her son, Dr. Clarence A. MacMinn, of Schenectady, at their camp at Round lake.

Mr. and Mrs. Charles M. Wright of this city left yesterday for Stamford, where for several days they will be guests of Mr. and Mrs. C. W. Peck at the Atchinson house.

Miss Beatrice Fuller, who for some time had been a guest of her sister, Mrs. F. B. Graham of 4 Gardner place, returned yesterday to her home in Cambridge, this state.

Fred Leroy was called to Richford yesterday by a message announcing that his sister had been quite seriously injured in a motor car accident. He was given no particulars of the accident.

Mrs. A. H. Radley of Earlville returned home Tuesday after spending a week with her son, E. J. Radley, of this city. Her grandson, Elwyn, accompanied her home and will remain for a visit.

Mr. and Mrs. Jesse VanDerhule had at the house yesterday, Mrs. Sarah Wright and daughter, Miss Bessie, of Unadilla, and Mr. and Mrs. Jasper Thornhill and daughter, Miss Grace, of Watertown.

City Clerk Sheldon H. Close, who had been spending his vacation on the Pacific coast near Delhi, returned to the city on Tuesday much refreshed by the respite from office work and with a deep coat of tan.

Arthur Wheeler, who has been spending several days in this city visiting friends and relatives, returned to New York last evening. Mr. Wheeler is engaged in the metropolitan installing soda lunches in that city and Brooklyn.

Dr. W. S. Cooke, a major in the United States medical reserve corps, returned last evening from Camp Dix, N. J., where he has been stationed for the past two weeks. All officers in the organized reserve are required to spend a certain period of each year in camp on active duty.

Mr. and Mrs. Howard Jeffry and children left Wednesday by auto for Cooperstown, where they will spend a few days with Mrs. Jeffry's mother, Mrs. Frank Stanton, of 26 Elm street. Later they will motor to Richfield Springs and through Herkimer county on a sixteen days' vacation.

George H. Bates and William G. Bates, who had been in Cooperstown attending the annual reunion of the Bates family on Saturday last, and who had subsequently been a guest of Mr. and Mrs. Fred Wendell of 150 Chestnut street, left yesterday for their home in Plymouth, Conn. Though there were 60 persons present at the reunion, the two gentlemen named were the only ones bearing the name of Bates.

MRS. EDISON MADE TRUSTEE

Chautauqua, Aug. 2.—Mrs. Thomas A. Edison was elected a trustee of Chautauqua institute today at the annual meeting. She is a daughter of Lewis A. Miller, one of the founders of Chautauqua in 1874, and is the fourth woman to be elected a trustee, the others being Mrs. Percy V. Penney, packer of Austin, Texas; Mrs. George Guernsey of Independence, Kansas, and Mrs. Robert A. Miller of New York city.

KILLED DURING FIST FIGHT

Cleveland, Aug. 2.—Alexander Seidman, 19, a mail sorter in the post office, was killed in the federal building Tuesday morning during a fist fight following a quarrel with another postal employee.

A single blow knocked Seidman to the marble floor. His skull was fractured in the fall and he died before reaching the hospital.

FORMER RESIDENT OF ONEONTA

George M. Hurlbutt Dies Tuesday Morning at Home in California.

A telegram received yesterday morning by Mr. and Mrs. Henry H. Buckley of Cathedral Farms brought the sad intelligence of the death of the latter's father, George M. Hurlbutt, which occurred at 7 a. m. on Tuesday at his home in South Pasadena, Cal. He had been in failing health for more than a year, but his condition grew suddenly worse about July 4 and for several days had been unconscious. The funeral services will be held at 2 p. m. today, Rev. Dr. Davies officiating, and burial will be in Mountainview cemetery at Pasadena.

George Morehouse Hurlbutt was born in Butternuts, April 11, 1848, and was a son of David and Lois (Gilbert) Hurlbutt of that township. He was educated in the Gilbertsville academy, and in his early manhood was a teacher. He was married October 26, 1877, to Miss Sarah C. Chaffee and came in 1889 to Oneonta, where he for 28 years resided, his home being at 87 Chestnut street. He was for fifteen years a well-known grocer of this city. Four years ago last December 1, Mr. and Mrs. Hurlbutt went to California, expecting only to spend the winter, but they were so much pleased with the climate that they decided to remain and to make South Pasadena their home.

Besides his wife, Mr. Hurlbutt is survived by three daughters, Mrs. Henry H. Buckley and Miss E. May Hurlbutt of Oneonta and Mrs. C. C. Potter of South Pasadena, Cal.; also by three granddaughters, the Misses Marcia, Dorothy and Frances Hurlbutt of Kingston, Pa., and one brother, William G. Hurlbutt of Galesburg, Ill.

Mr. Hurlbutt was a well-known and much respected resident of this city, and he leaves many friends who, learning with deep regret of his demise, will extend heartfelt sympathy to the bereaved family.

MARMOT VOICES MAY BE SENT BY RADIO

roadcasting Station in Glacier National Park Would Furnish Much Entertainment

Washington, Aug. 1.—The next number on tonight's program will be piccolo imitation entitled "The Whistling Chorus," by the Rocky Mountain Marmot Singing society of one million voices.

Such may be the announcement to astonish the ears of any number of stoning radio fans in the near future. If a proposal before the National Park service of the Interior department is carried through, it will be possibly the most novel treat in the numberless radio amateurs could ask, whose apparatus would use in with a broadcasting station in Glacier National park, in the heart of the Rockies, which would catch and transmit the shrill whistling of these small dog-like animals. Within fifty miles of the park, in

the northern part of Montana near the Canadian border, resides the largest colony of the animals on the North American continent. It is estimated there are close to a million of them, living in dense population. On still nights the wonderful shrilling chorus of the piccolo-like voices is carried miles on the rare mountain air, and tourists in the camps enjoy the evening programs immensely.

It has been proposed that a receiving set and broadcasting station of 200 watt capacity, sending at a 360 metre wave length, be installed close enough to catch the voices clearly. Such power would be capable of sending throughout a radius of 1,500 miles, and could be picked up, almost from coast to coast.

The perfection of the radio now suggests the idea of broadcasting this volume of weird, whistling music, which has a tone all its own, to radio receivers as far as the waves will carry. When the full chorus is on its sounds as if a whole city of people were playing piccolos in concert. The radio fan who is lucky enough to listen in will not have a bit of trouble in recognizing the marmot voices even though no preliminary announcement is made from the broadcasting station.

RED CROSS ROLL CALL

Annual Campaign Will Be Held This Year From Armistice Day to Thanksgiving.

Washington, Aug. 2.—The annual roll call for registration of Red Cross membership will be held this year from Armistice day, November 11, to Thanksgiving day, John Barton Payne, chairman of the American Red Cross has announced. Between these dates approximately 3,300 chapters, at home and abroad, will carry on a systematic canvass for support of the peace time work of the nation's officially designated volunteer relief society during the ensuing year.

As a result of last year's roll call, the American Red Cross has now a membership of 1,700,000 adults. Judge Payne announced, and about 6,000,000 school children enrolled in the Junior Red Cross. With the prospect of better commercial and industrial conditions, Red Cross officials look for a substantial increase in membership from the next call. The yearly membership will remain at \$1, it was announced.

An innovation this year will be the uniform card-indexing of the millions of members. The stub of each card, of a size handy for card case or pocketbook, will be given each person enrolling as a certificate of membership.

SAYS RUSSIA WILL NEED MORE FOOD

Returned Relief Worker Saw Dead Lying on City Street as Late as June

Philadelphia, Aug. 1.—The people in the famine area of Russia will need food from the outside for another year, in the opinion of Murray S. Kenworthy of Wilmington, Ohio, who has just returned from Buzuluk where he had charge of the relief work of the American Friends. Deaths from starvation are still occurring. As late as the first of June Mr. Kenworthy saw people lying dead on the streets of Samara, the chief city of Samara province. There are large districts in the famine area which have not received one ounce of food from any relief organization.

Present crop estimates indicate that 50 per cent of the people in the famine area will not have sufficient food to carry them through next winter. The acreage planted was small, due to lack of animals; weakness of the peasants, and lack of seed. Much of the grain shipped from the United States did not germinate well.

There are thousands of orphaned children in the homes throughout the famine area who will have to be provided with nourishing food as well as clothing and bedding.

All the people are in rags. Clothing and material of all kinds is needed. The people can spin and weave but they have no flax or wool to work with. Mr. Kenworthy reports that the Russian government cooperated with the relief workers in every possible way. It supplied free transportation, free cable and telegraph service, free homes and Russian assistants.

While lack of food is causing the most suffering, the people are also suffering from disease, typhus in the winter and cholera during the summer months. Medical supplies are needed in unlimited quantities. A vast amount of medical and sanitary work should be done in the peasant villages. Russia will continue to be a source of danger to the rest of Europe and to America until radical sanitary changes are made, Mr. Kenworthy declares.

THE FIVE-CENT CIGAR IS BACK

Nickel Smoke Product, Which Disappeared in War Days, Now in Great Profusion

(By the Associated Press.)

Chicago, July 31.—Roused from its morbid lethargy by the demand of the palates of thousands of smokers, the five-cent cigar is back with its multi-colored banners streaming. In shop windows and on cigar counters everywhere the nickel smoke product, which disappeared back in war days, is being displayed in a profusion of shapes and varieties, while gigantic bill board advertisements are sending forth their message of this return to normalcy in the tobacco world.

"What the country needs most is a good five-cent cigar," is a remark attributed to Mark Twain. And those smokers who saw the one time five-cent brands mount to six, seven, eight and sometimes ten cents, during the period of soaring prices, now have plenty to select from.

Tobacco merchants, cigar wholesalers and tobaccoists all admit that the five-cent cigar is the fastest moving article in the trade but they disagree as to its merits. Retail dealers are inclined to the belief it is as good as any of the old brands which climbed during the war. Tobacco merchants say it can't be as good as the old stand by because the cost of materials and labor is still above the old level and manufacturers say it isn't as good as the nickel favorites of previous days.

"We can't get enough five-cent cigars," said a salesman in a loop tobacco shop. "We have pretty good cigars at that price now, however, and my customers buy so many I keep the boxes on the counter. If I put them in the case I would be busy hauling them out and returning them. The two for a quarter is done for, in my opinion. The public wants five cents for every day and ten cents for Sunday."

THINK GIRL IS TRUE STIGMATIC

Reported to Have Sign of the Cross on Her Right Side.

CASE CREATES WIDE INTEREST

Some Scientists Hold That Such Marks Are the Result of Natural Causes—First Record of Such a Case Found Its Way into Church History in Thirteenth Century—French Book Catalogues 321 Cases of Stigmata.

The case of Mary Reilly, a postulant at St. Germain's Villa, the Peckskill (N. Y.) convent of the Sisters of the Good Shepherd, who is under constant observation to establish whether she is a true stigmatic, has created widespread interest. The seal of silence imposed by Archbishop Hayes upon all who have knowledge of the situation remains unbroken.

A stigmatic is a person who bears on hands, feet, side or brow the marks of the Passion and undergoes corresponding and intense suffering. Some have sufferings without the markings, and these are called invisible stigmata. In the case of Mary Reilly it is said she has a stigma which is only one mark of the Passion. In her case it is reported that the mark is the sign of a cross on her right side and that she suffers considerably.

First Case Recorded.

Her case has created interest in the stigmata, as a feature of ecclesiastical history. It has been a subject of keen discussion among clerics and publicists, Catholic, non-Catholic and heretical, since the first record of such a development found its way into church history. This was in the thirteenth century, when the most notable case was recorded. This was St. Francis of Assisi. In him it took the form of the nail wounds on the hands and feet, the wounds having excrescences of flesh, representing the nails of the Crucifixion. On one side these excrescences were black and like nail heads. On the other side they appeared to be points which had been bent back to grasp the flesh.

Marie de Moerl, at the age of twenty (1822), was another instance and, though delicate in health, lived in that condition 35 years. Thursdays and Fridays her stigmata shed very clear blood, becoming dry on other days. Thousands saw this woman, including Wiseman and Lord Shrewsbury, who wrote about her. Louise Lateau of Belgium, at eighteen, became stigmatic, which did not prevent her from supporting her people by sewing. She was born in 1850. Another was St. Catherine of Siena.

Admit Stigmata Existed.

Even free-thinking publicists who have investigated reported cases admit that the stigmata existed as a fact, notably Doctor Dumas, a professor of religious philosophy at the Sorbonne, in an article on the subject in the Revue des Deux Mondes of May 1, 1870.

Free-thinking and Catholic scientists alike have questioned the miraculous nature of these wounds, and in the processes of canonization the church has never accepted them as uncontestedly miraculous. It is because of the extreme care that the church takes in the investigation of these matters that silence is generally imposed upon those having knowledge of them until the investigation has been completed.

Dr. Imbert, in "La Stigmatisation," published in Paris in 1894, sought to catalogue the known cases of stigmata in church history, and accounted for a total of 321 in which he felt there was every reason to believe in divine action.

Many of the free-thinking scientists have declared that the stigmata induced the condition in themselves by vivid imaginings and emotional excitement, but the church logicians have retorted that imagination can never create a visible, bleeding wound.

The medical profession naturally insists that such manifestations can be traced to physiological causes.

40,000 MARKS FOR FISH

German Fishers Take New Interest at Landing of Huge Sturgeon

The fishermen of Altenwerder, Germany, have taken a more lively interest in their occupation since a veteran colleague recently landed a roe sturgeon weighing 143 pounds on which he realized approximately 40,000 marks. The fish was found to contain 33 pounds of caviar which sold at 1,005 marks a pound, while its remaining meat went for 48 marks a pound.

Possibilities of the Reindeer.

Many people consider it not at all improbable that some day reindeer raising in Alaska may vie with cattle raising in this country. Of course it would be a number of years before this could be brought about, but the beginning has been made, and it is easy to see that the possibilities are boundless.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these loathsome spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have faded entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for double strength Othine as this is sold under guarantee of money back if it fails to remove freckles. Adv.

DRIVES IN NEW APPERSON

John R. Todd Expects Two Closed Models at Early Date.

Mr. and Mrs. John R. Todd arrived home late Tuesday afternoon, having driven in from Boston, Mass., a new Apperson eight cylinder seven passenger touring car which was delivered to him in Boston late Monday afternoon. The trip was made to Springfield that afternoon and evening and from the latter city to Oneonta on Tuesday. At no time did the speed of the new car exceed 25 miles, though it is guaranteed to make 75 miles.

Mr. Todd was exhibiting it about the streets yesterday and it was much admired. It is very flexible and with its long wheel base can be turned about in the smallest space of any large car. Mr. Todd states that he never switched gears on the trip over the Mohawk trail to Oneonta except at the crossing at East Worcester, which was done for safety and not because the car had any difficulty in making the grade.

Mr. Todd has two enclosed cars ordered and a promise of early delivery, though they are in demand and it is with difficulty that orders are being filled.

New beauty parlor—Hairdressing, facial massage, manicuring. Mrs. Edward Mills, over C. C. Miller's store. Phone 877-W for appointment. advt 4t

Nice cooking apples for sale at 49 Spruce street. Phone 1009-W2. W. C. Spangenberg. advt 3t

Studebaker Announcement

Studebaker announces lower prices on all models effective at once

No blare of trumpets attends this announcement, no waiting to see what the other fellow is going to do, but in the characteristic Studebaker manner the announcement comes in the regular course of business. With the Studebaker factories 20,000 cars behind orders and working over-time to catch up, there is really no need for lowering prices at all, simply that lower costs of manufacturing with increased production have enabled the Studebaker Corporation to give their buyers a Lower Price on their product.

Orders will be filled in rotation as received. Therefore, to avoid delay in delivery, we suggest placing your order at once.

Let's disarm the thermometer

MEATS and starches for the body are like fuel for the furnace.

Why not adopt for breakfast or lunch, Grape-Nuts with cream or milk and a little fresh fruit—and turn off the internal heat? Here's complete nourishment, with cool comfort.

Grape-Nuts contains all the nourishment of whole wheat flour and malted barley, including the vital mineral elements and bran "roughage," and it is partially pre-digested in the long baking process by which it is made.

There's a wonderful charm for the appetite in the crisp, sweet goodness of this ready-to-eat food, and fitness and lightness afterward, which meet summer's heat with a smile.

Your grocer will supply you with Grape-Nuts!

"There's a Reason" for Grape-Nuts
